

MAC DONALD CONFIDENT DESPITE AUTHENTIC DENIAL OF ALLEGED FORGED REQUEST TO AID SOVIETS

British Press However, Declares That If Document Proves Forgery, Political Death of Labor Premier Is Certain.

London, Oct. 27.—"Despite the Russian affair," Premier Ramsay MacDonald was optimistic today, predicting a labor victory in the general election Wednesday. In a special statement to International News Service, Premier MacDonald said:

"Wednesday will be labor's day. Signs of a labor victory at the polls are unmistakable. The pact between the Tories and Liberals, supported by a solid phalanx of newspapers shocked the people who are seriously interested in politics. A great increase of labor's strength is bound to result."

London, Oct. 27.—Faced with Moscow's denial of the authenticity of the Zinovieff letter asking Premier MacDonald's co-operation in forwarding communist hopes, the London newspapers now are saying if the document proves a forgery, then MacDonald has killed himself as a socialist leader. His followers will never forgive him for launching an attack on Russia based on a forged document.

Premier MacDonald is expected to make a statement this afternoon or tonight, giving his side of the controversy. The press generally, in publishing Moscow's charges that the letter is a forgery, demands an apology. It states England's willingness to submit this matter to an impartial tribunal for inquiry but adds that the British must accept the British foreign office's version until the contrary has been proved.

M. Rakovsky, Russian charge d'affaires in presenting the foreign office with Moscow's answer, stated he had an idea as to the origin of the letter but was unable to make charges.

It is impossible to state what effect the affair will have upon the election day after tomorrow, but the Tories and Liberals gleefully expect it will strengthen them, while labor leaders claim that MacDonald's strength has not been impaired.

DAVIS EXPRESSES HIS CONFIDENCE IN VICTORY NEXT WEEK

Candidate For Governor On Last Tour of State Shows Optimism

Cleveland, O., Oct. 27.—Expressing unbounded confidence in a sweeping republican victory at the Ohio polls a week from tomorrow, Harry L. Davis, Republican candidate for governor, departed today for his last campaign tour of the state.

"As the campaign in Ohio approaches a close," Mr. Davis said, "there is seen increasing evidence that the state again will give an overwhelming victory to the Republican party."

"Ohio will prove itself one of the strongest supporters of our president Calvin Coolidge, and we confidently believe the voters will give the state ticket, their well merited support."

NAVY DAY PROGRAM PARTLY CANCELLED

Washington, Oct. 27.—The national capital's observance of navy day was dimmed today by the funeral services for Secretary of Agriculture Henry C. Wallace at the White House.

The greater part of an extensive program was cancelled by the death of the cabinet officer and instead of the speeches and parades that were to have marked the day, there were only brief and simple decoration exercises at the monuments to naval heroes which are scattered through the parks of the capital.

Flowers were placed on the statues of John Paul Jones, Admiral Farragut and others.

Tonight Secretary of the Navy Willbur will broadcast a speech commemorating the navy's services to the nation.

GUARD OF AMERICAN LEGATION INCREASED

Pekin, Oct. 27.—Despite the fact that absolutely no disorder has followed, the military occupation of Pekin, the American legation guard is to be strengthened.

An international train left Tien Tsin this morning for Pekin, bringing reinforcements for the United States legation guard.

General Feng Yuh Siang is being praised for maintaining perfect order. His soldiers are known as the best disciplined in China.

COMMANDER OF 32ND DIVISION IS DEAD

Washington, Oct. 27.—Major General William A. Haan, who commanded the Thirty Second Division, composed of Michigan and Wisconsin troops in the Argonne and other severe engagements in France, died here early today at Mt. Alto hospital.

Death was due to a complication of diseases. He was 62 years old.

General Haan was one of the best known division commanders of the A. E. F. He was decorated by French and Belgian governments as well as the American government.

Sentenced in Liquor Case.

Cincinnati, Oct. 27.—Harry Collin, real estate dealer, alleged to be one of the leaders of a ring which supplied liquor to negroes, was sentenced in federal district court to serve a year and a day in the Atlanta penitentiary and to pay a fine of \$5,000.

William Ellard, negro proprietor of a cafe, was sentenced to six months in jail and fined \$500.

Boy Killed.—
Canton, O., Oct. 27.—Jacob Gang, 7, died from a skull fracture suffered when struck by an automobile. Police said the boy ran into the street in the path of the machine.

SAILORS ON TRENTON HEROES IN DISASTER.

ENTERING TURRET & REMOVING TRENTON'S DEAD.

When the fatal blast that snuffed out the lives of nearly a score of sailors on the scout cruiser Trenton occurred off the Virginia Capes, the forward twin-mount six-inch gun turret was turned for a broadside, the entrance door hanging over the side of the ship, and several sailors being dropped overboard. This photograph, taken a moment after the explosion, shows intrepid members of the crew mounting a tiny rope ladder over the side of the ship to work the turning gear, revolve the turret back over the deck and bring out the dead and injured. The other photograph shows the removal of the dead.

DENIES MONEY BEING SPENT FOR THE PURPOSE BEATING SEN. WALSH

Washington, Oct. 27.—With only three or four days remaining before the senate investigation of campaign expenditures is adjourned until after the election, counsel for Senator Robert M. La Follette today rebuffed their efforts to show Senator William E. Borah and his colleagues that at least \$16,000,000, is being used to finance the Republican presidential campaign.

Returning from New York, where he spent the week end in making personal inquiries in connection with the investigation here, Samuel Untermyer and Frank P. Walsh, the La Follette attorneys, revealed that their first effort upon the resumption of the slush fund probe will be to show that \$2,000,000 had been contributed to the Republican fund by office-holders under the Harding-Coolidge administration.

Already in the committee's record is a charge, made by the head of the "Lily Black" Republican organization in Virginia, that the law has been violated in that state by the gleaning of campaign contributions from postal employees. The federal law in this matter provides that postmasters or other federal officials may not be solicited for funds on government property.

But an attempt will be made to show that ways have been found to "get around the law even if actual technical violations have not taken place."

WHEELS OF GOVERNMENT SLOW DOWN WHILE WASHINGTON PAYS TRIBUTE TO DEAD OFFICIAL

Washington, Oct. 27.—The wheels of government slowed down and stopped today as a mark of respect for Secretary of Agriculture Henry C. Wallace, who died late Saturday after a brief illness. By executive order all governmental departments were closed from 9 a.m. until 1 p.m. the period covering the time of the funeral.

Members of the cabinet were honorary pallbearers. Members of the diplomatic corps attended in court dress.

A considerable number of government officials will accompany the remains to Des Moines including all the bureau heads in the department of agriculture.

Secretary of Interior Hubert Work will accompany the body as the personal representative of the president.

MINISTER PRAISES PERSONAL FRIEND, SECRETARY WALLACE

To one Xenia man, the Rev. Charles P. Proudfit, D. D., the death of the Hon. H. C. Wallace, Secretary of Agriculture in President Coolidge's cabinet, brings personal loss.

Dr. Proudfit was a close friend of Secretary Wallace during his pastoralia in the First United Presbyterian Church of Des Moines, Iowa, the Wallace family being United Presbyterians. The friendly relations of the two families have been continued to the present.

In speaking of Secretary Wallace at the McKinley School Monday morning in connection with the observance of Roosevelt's birthday, Dr. Proudfit said, "The honor of discovering the Wallace family goes to Theodore Roosevelt. It is a coincidence that the Wallace funeral is being held today at the White House at the same time when a nation is also paying honor to Mr. Roosevelt."

"While President of the United States Mr. Roosevelt picked up the father of the present Mr. Wallace and made him a member of his famous Rural Life Commission, Mr. Roosevelt's admiration for the Wallace family was shown by his attitude to the son, H. C., at that time the publisher of Wallace Farmer.

"Agriculture has lost its most powerful friend-at-arms in the passing of Secretary Wallace. It is however a great fortune to farming interests that the country has a President like Mr. Coolidge who can safely be trusted to subserve the interests of agriculture by the successor to take Mr. Wallace's portfolio."

Secretary Wallace, who had been suffering from sciatica for some time, entered the naval hospital Oct. 14, and the next day was operated upon, the gall bladder and appendix being removed. It was thought he then would be able to leave the hospital within 10 days or two weeks. When his conditions became serious Major James F. Coupal, the president's personal physician, and Drs. J. M. Finney and Thomas Boggs, both of Johns Hopkins university, were called in for consultation. Death came peacefully after long hours of unconsciousness.

Mr. Wallace was born in Rock Island, Ill., May 11, 1866, the son of Henry and Nannie Cantwell Wallace. The elder Wallace was a minister in his early life, but retired to the farm to restore his health, moving from Illinois to Iowa, where the future head of the department of agriculture grew to manhood. Like many another farmer boy, Wallace fought hard for an education. He worked on the farm in summer and attended a village school in winter until he was ready to enter college. He attended Iowa State Agricultural college and later took up writing on farm topics, which resulted in his appointment as professor of dairying in the Iowa college. He is survived by Mrs. Wallace, three sons and three daughters.

CONTRACTORS ASKED FOR CAMPAIGN FUNDS

Columbus, Oct. 27.—L. A. Boulay, state highway director, made public photostatic copies of affidavits of G. H. Heffner and Ralph R. Heffner, members of the firm of G. H. Heffner & Son Company, general contractors of Celina, O., in which they declare they were solicited for campaign funds for Harry L. Davis' campaign, in substantiation of his claim that Davis and his campaign committee were making a "systematic solicitation of Ohio road contractors by strong-arm methods for contributions to the Davis campaign fund."

The solicitor, according to the affidavits, was a "tall, slender man, who introduced himself as Mr. Mann or Mahon." He told G. H. Heffner that members of another Celina contracting firm had contributed, as had road contractors of Greenville. The affidavit says: "The deponent stated he did not care to contribute, and was answered that he would be reimbursed if he contributed by being given a road contract and that the inspection would be such on the road that he would get it back."

Boys Badly Burned.—
Sandusky, O., Oct. 27.—Albert Sutz, Charles Lantz, Willard Federkl, "Bud" Koch and Clarence Patch, boys of about 14, are recovering from painful burns. While playing on the Erie county fair grounds they found a fireworks bomb. The powder was taken from the bomb and placed in a bottle. Then a lighted match was applied and an explosion resulted.

WOMAN PLEADS GUILTY TO MURDER OF 2 WEEKS OLD BABY SON BECAUSE "IT WOULDN'T HAVE FAIR CHANCE"

Mother Says She is Not Sorry When Arraigned On Serious Charge at Wooster—Remains Calm In Face of Charge.

Wooster, O., Oct. 27.—A picture of stoic calm, Mrs. Blanche Tobias, 21, appeared before Mayor M. R. Limb today for arraignment on the charge of murdering her baby son, Homer Lloyd, aged two weeks.

"How do you plead, guilty or—"

"Yes, I'm guilty," she replied, before the mayor could complete the formal question.

These were the only words she spoke at the hearing. She was remanded to jail to await grand jury action.

Her husband, notified yesterday of the child's death, went to the county infirmary last night for the body. He too kit to Smithville, near here, where interment was made today. An older child, Elsie, aged two years and six months, was placed in the children's home today.

Returning from her arraignment to jail, Mrs. Tobias, calmly repeated her admissions that she had killed her baby boy, "because it wouldn't have a fair chance."

"My husband wouldn't believe the baby was his," she said, her calm never breaking for a moment. "I thought it was better dead. Yes, I killed it and I'm not sorry."

The law can do what it will, the baby's safe from a hard life, where people would sneer at him because my husband said he wasn't his father."

Prosecutor C. O. Fritz planned to ask an early indictment of Mrs. Tobias, who has been left alone in her trouble.

Neither her husband or other relatives have yet visited her, since her incarceration.

The woman, alone in the county jail, talks only when spoken to and then answers questions with the fewest possible words. Attorneys have not yet been employed to defend her.

Wooster, O., Oct. 27.—"I didn't think the baby would have a fair chance, so I killed it," Mrs. Tobias, a meek little woman of 21 years, confessed to police today, after Dr. R. C. Paul discovered finger marks on the throat of her two weeks old son, who died Saturday afternoon at the county infirmary.

Mrs. Tobias was taken to the county infirmary two months ago after a violent quarrel at the family home near Sterling. Neighbors found her lying in the yard almost unconscious. She said her husband had beaten her because he charged the child she was expecting was not his and that he would make no provision for it. The husband was bound over to the grand jury. Recently a reconciliation was affected.

Tobias saw the baby last week and according to the mother said it did not resemble him and that he did not believe it was his.

"I held its nose with two fingers and with my other hand I choked it," the mother calmly confessed, according to police. "It died in about two minutes."

MAN WANTED FOR MURDER OF POLICEMAN IS ARRESTED AT WHEELING G. W. VA., WITH WOMAN

Cleveland, Oct. 27.—Captured after one of the most thrilling and colorful manhunts in police annals, at Wheeling, W. Va., Albert E. Holt, the "red head" sought in connection with the murder of Policeman Michael Hahnel of Shaker Heights, was safely lodged in the city prison here today, while the police redoubled their search for "Joe," believed to have been Holt's companion on the mad ride in a stolen car, following the holdup of a gas filling station, which immediately preceded the fatal wounding of Hahnel, when he placed them under arrest for a traffic law violation.

With Holt, when he was captured yesterday, was Mrs. Margaret Horton and her crippled daughter, aged eight years. It was through an intercepted telegram sent to friends here appealing for funds when money ran low that Wheeling police were able to organize their manhunt which resulted in the capture of the man for whom rewards totalling \$6,000 have been hung up.

Holt, captured after he had left a Ford coupe, in which with his two companions he was endeavoring to escape, denied all complicity in the crime when brought back here last night. But from Mrs. Horton police forced an unwilling tale that bound the net of evidence tightly around the man, they say.

She said she had advised Holt to flee and agreed to accompany him on his flight following the shooting of Hahnel a week ago Thursday night. However, she stoutly maintained that he could not have been the man who fired the shot that killed the policeman, declaring that he had been the victim of bad company.

SHAYER PREDICTS VICTORY OF DAVIS AND BRYAN EFFORTS

Washington, Oct. 27.—In a statement issued here Chairman Clem L. Shaver of the Democratic national committee predicted the election of Davis and Bryan. Shaver also proclaimed Saturday, Nov. 1, as "Davis victory day." In his statement Shaver said:

"A careful analysis of reports from all doubtful states shows that Calvin Coolidge is defeated for re-election, and that in nearly all states La Follette will draw more votes from Republicans than from the Democrats."

"This is especially true in the states of the middle west. The analysis is based on the congressional and other elections of 1922 and reports from state and county chairmen from every state in which the result is in doubt."

"States carried by the Democratic party in the congressional elections in 1922 would alone be sufficient to choose a Democratic president. The states carried by the Democrats for members of the house in that year total 277 electoral votes, or 23 majority in the electoral college. If we add to these the states carried by Democratic candidates for governor or United States senator, or both, they total 82 more, or 359 electoral votes, a majority of 187 in the electoral college."

TO START BUILDING PROGRAM AT SCHOOL

Columbus, Oct. 27.—Director of Public Welfare John E. Harper stated that active work on an extensive building program at the Boys' Industrial school, Lancaster, will begin within a few weeks, advertisements calling for bids for the work being placed. The improvements include an entire new bakery, which, with equipment, will cost approximately \$15,000. A new school building, modern in every way, which has been needed by the institution for many years, will be erected at an approximated cost of \$70,000, and four of the old cottages will be modernized both inside and out at a cost of \$80,000.

Because of the many other institutions where prisoners are being employed, the work at Lancaster will be awarded to the low bidder and all work will be done by contract.

SATURDAY GAMES SOILS MANY WITH FOOTBALL LOSSES

By DAVIS J. WALSH

New York, Oct. 27.—This is blue Monday along the collegiate washline. Roper, Fisher, Jones, Folwell, Zappke and other "housewives" are industriously hanging out the weekly wash and some of it is not exactly immaculate. In fact there are many pieces hanging along that line which will never be clean again. Some few of the latter are Harvard, Minnesota, Washington and Jefferson, Princeton, Centre College Wisconsin and Williams.

Hitherto clean, they failed to come out of the wash this week as cleanly specimens, Harvard losing to Dartmouth; Minnesota to Iowa; W. and J. to Lafayette; Princeton to Notre Dame; Centre to West Virginia; Williams to Columbia and Wisconsin to Michigan.

Snow white, however, are the neck hands and starched cuffs of Notre Dame, California, Illinois, Lafayette, Pennsylvania, Syracuse, Stanford, Marquette and Washington, among others. They haven't the faintly greyish tinge of Dartmouth, Iowa, Lehigh, Ohio State, Yale and Rutgers, the records of which are slightly soiled by tie scores.

The most significant of Saturday's scores, was the 12 to 0 decision of Notre Dame over Princeton. It definitely settled the status of the Irish as a national leader with Illinois, Lafayette and a comparative few others and exposed Princeton's weakness for what it was.

The Tigers, seemingly had no attack and were badly handled. On the other hand, Notre Dame played even better football than it did against the Army a week before.

In the Middle West it would appear that the situation has greater clarity than in any other section. Notre Dame and Illinois judged on the records are the best teams in that section, with Iowa, Ohio State and Marquette still in contending positions.

The lines of demarcation are by no means as clearly drawn in the East. Here, Lafayette cemented an already plausible claim to championship consideration by defeating W. and J., which scored the only touchdown of the year to date against the winners. But Pennsylvania and Syracuse have yet to be beaten or tied, and the probability is that Syracuse will skip through the rest of the schedule unscathed. Pennsylvania and Lafayette, however, will settle their little equation next Saturday.

Dartmouth, unbeaten and with a tie against Yale and victory over Harvard on successive Saturdays must also come in for serious consideration to say nothing of Yale itself, Rutgers and Lehigh. The situation in the East is not quite as clear as a handful of lamp black in a coal hole.

The coast, likewise, has its complexities to say nothing of the South. The coast conference race at present features California, which on Saturday beat Washington State, Washington university which beat Oregon Agies, Stanford which beat Idaho and Southern California which beat Nevada. You might bullseye this one by closing both eyes and shooting over the left shoulder.

Alabama continued its fine work in the south by staking Georgia Tech to its first defeat of the season. Georgia remained in the running by defeating Vanderbilt, but the rest of the returns to tilt northward, including the outcome of the Texas Florida affair, were so fragmentary as to leave the business pretty much in the air.

Kansas City Doctor Invents New Truss

New Discovery Heals Rupture Without An Operation

A new discovery which, experts agree, has no equal for curative effect in all rupture cases, is the latest accomplishment of the well-known Hernia Specialist, Dr. Andrews, 7878 Koch Bldg., Kansas City, Mo. The extraordinary success of this new method proves that it holds and heals a rupture. It weighs only a few ounces. Has no hard gouging pads, no elastic belt, no leg straps, no steel bands, and is as comfortable as a light garment. It has enabled hundreds of persons to throw away trusses and declare their rupture absolutely healed. Many of these had serious double ruptures, from which they had suffered for years. It is Dr. Andrews' ambition to have every ruptured person enjoy the quick relief, comfort and healing power of discovery, and he will send it on free trial to any reader of The Gazette and The Republican who writes him. He wants one person in each neighborhood to whom he can refer. If you wish to be rid of rupture for good, without an operation, take advantage of the doctors free offer. Write him today. The coupon below is convenient.

MACHINE DAMAGED IN CRASH SUNDAY

Both rear wheels and the fender of the Dodge sedan, driven by Miss Trina Stiles, Cincinnati Avenue, were

demolished when the car was struck by the machine driven by a colored man from Michigan, at the intersection of Detroit and Second Streets, Sunday afternoon at 3:30 o'clock.

The occupants of neither car were hurt. Miss Stiles was going east on Second and the other driver was driving south on Detroit.

NEW D. A. R. CHAPTER ORGANIZED AT CEDARVILLE

A group of Cedarville women met at the home of Mrs. I. C. Davis, Cedarville, Thursday, for the purpose of organizing a Cedarville chapter of the Daughters of the American Revolution.

Mrs. Lowell F. Hobart, of Cincinnati, state regent, acted as organizing regent and upon request for a chapter, declared the group organized as the "Cedar-Cliff Chapter of the National Society of the Daughters of the American Revolution."

The following officers were elected: regent, Mrs. I. C. Davis; vice-regent, Mrs. H. H. Funsett; recording and corresponding secretary, Miss Hester Townsley; registrar, Dr. Nancy E. Finney; historian, Mrs. Ervin Kyle. The officers took their oath of office and started at once on their duties as outlined in a talk given by Mrs. Hobart.

Those present were: Mrs. Lowell F. Hobart, Mrs. C. H. Ervin, Mrs. J. C. Townsley, Mrs. Carrie Crouse, Mrs. Clara Morton, Miss Hester Townsley, Mrs. Anell Wright, Mrs. Anna Wilson, Mrs. Ervin Kyle, Mrs. H. H. Funsett, Mrs. J. P. White, Miss Kathleen Blair, Mrs. Walter Hille, Miss Helen Hille, Mrs. Wilson Galloway, Mrs. Earl Richards, Mrs. Howard Turnbull, Mrs. Fred Townsley, Mrs. Oliver Jobe, Mrs. Ralph George, Mrs. H. H. Cherry, Mrs. I. C. Davis and Dr. Nancy E. Finney. Mrs. Davis was assisted as hostess by Dr. Finney.

The organization of the "Cedar-Cliff Chapter" of the D. A. R. was the outgrowth of the efforts of Mrs. J. H. Andrews and Mrs. I. C. Davis, who called a meeting of several Cedarville women, last May, to discuss the possibility of forming a chapter. The movement gathered force and numbers until the chapter became a reality.

WHAT MAY HAPPEN IN GREENE COUNTY OR A LIKE ACCIDENT

It would surely seem as if the neighborhood of Lorain, O., about a dozen miles from Cleveland, was having more than its share of ill luck in the last few years. Wrecked by a cyclone within the last few months, and almost all the houses destroyed in a way that did not allow of reparation as would have been allowed if burned, the people had to ask for help from all over Ohio.

Now comes another disaster and more than the other to many in the neighborhood, the ruthless deaths of many of the youngest members of many families, the beloved children, 6 to 8 years old, Thursday evening, children on their way from school in a school omnibus which was struck by a trolley car. The following tells briefly of it but the details are heartrending:

Lorain, Ohio, October 23.—The bus of the Brookside Consolidated School, carrying 37 first and second grade pupils, from 6 to 8 years old, was struck by a Cleveland-bound interurban car this afternoon at Stop 83, east of Lorain, killing one instantly and injured more than 30 of the others so seriously that two died within an hour, and others are not expected to live.

The serious part of this accident to many parents the State over is that a counterpart to it may come in any community where children have to be carried by omnibus and from schools when the route that has to be taken includes trolley or railroad lines.

In the above case the school district had been to \$14,00 expense from the cyclone and was not able to buy a new omnibus, so an old rattle-trap one was being used.

"BUSINESS IN GOVERNMENT" DEPENDS ALTOGETHER ON MEN

The argument has been advanced that the splendid record of economy and reorganization made by the Republican administration is due solely to the introduction of the Budget system. It is true the budget law and other supplementary legislation made it possible in some cases, and easier in others, to carry out the program of putting more business in government, but it should be emphasized that the budget law did not automatically result in the reforms which have taken place. No law operates automatically. The fulfillment of the letter and spirit of any legislation depends upon the character and the disposition of those entrusted with its administration. The human element is, and must always be, the dominating factor in government business quite as surely as in private business.

It would be extremely dangerous to assume that now that the budget system has been established, it makes no difference which party is entrusted with the administration of the departments. No system of government can be more efficient than the men who administer it. Men who have directed the executive departments of the government for the last three years, must receive the credit for the introduction of business methods into the government, for the successful operation of the budget law, for the faithful fulfillment of the Republican pledge to inaugurate a policy of economy and efficiency, for the splendid financial condition of the United States, and for the decreases in the burden of taxation.

FIRST PARAGRAPH OF PRESIDENT COOLIDGE'S FIRST MESSAGE

Since the close of the last Congress the Nation has lost President Harding. The world knew his kindness and his humanity, his greatness and his character. He has left his mark upon history. He has made justice more certain and peace more secure. The surpassing tribute paid to his memory as he was borne across the continent to rest at last at home revealed the place he held in the hearts of the American people. But this is not the occasion for extended reference to the man or his work. In this presence among those who knew and loved him, that is unnecessary. But we who were associated with him could not resume together the functions of our office without pausing for a moment, and in his memory consecrating ourselves to the service of our country. He is gone. We remain. It is our duty, under the inspiration of his example, to take up the burden which he was permitted to lay down, and to develop and support the wise principles of government which he represented.

BALANCING A BUDGET WITHOUT PAYING DEBTS

Russia has balanced its budget for the first time since the revolution. As only a few of the financially stronger nations of the world are today able to accomplish this feat, the self-congratulation of the Bolshevik Finance Minister might seem justifiable. The issue of fiat money has ceased, and the income from taxation and State enterprise is expected to cover the expenditures for administration. In other words, the period of financial chaos that followed the revolution has passed, and the Government is even appropriating a small sum for famine relief. Russia seems to have become financially respectable. But there is, of course, a catch in it. A part of the Russian income is derived from confiscated properties. Respectable nations have no such income. The Bolshevik Government has repudiated the Russian national debt. Respectable nations strive to pay theirs—or at least refrain from talking about budgets as balanced that make no provision for them. Any nation might balance its budget as Russia has done, through confiscation of property and refusing to pay its debts.

AN EMPTY HOUSE

An empty house, an empty house,
With every spirit flown!
A house which many years ago a
woman smiled to own;
The cradle of a thousand dreams
When youth was at the door.
But now the young have grown so
old and all the dreaming's o'er;
Decay is at its pillars now, despair
At every pane,
And where the children romped in
play the bats, nocturnal, reign.

The drama of all human life those
crumbling walls have seen
For once that house was young and
strong and once its floors were
clean;
And then within that upper room, as
once at Bethlehem,
The miracle of birth occurred, a child
was born to them;
Then joy went dancing up the steps,
and laughter rang within,
But now the roof which sheltered
them is slowly tumbling in.

"THE GOLD CURE—UMM!!"

1904-Twenty Years Ago-1924

The members of the G. A. R. entertained several distinguished officers of the order at their regular post meeting on Thursday evening. The four gentlemen had come to Xenia in the afternoon and were entertained at the O. S. and S. O. Home at supper. The Sixth District Convention of the W. R. C. was held in Xenia Friday. The convention opened at 10 o'clock for the morning session. Nothing of importance transpired at this session, except the reading of the reports of the different corps.

The Board of Education held a meeting last evening at which it was decided to open a means of educating the citizens. A night school will soon be opened in the eastern part of the city for that purpose if a large attendance is guaranteed.

Senator Foraker and Hon. Albert Douglass will speak at a Republican rally at the Opera House Saturday afternoon, October 29, at 2 o'clock.

Home-made, but Has No Equal for Coughs

Makes a family supply of really dependable cough medicine. Easily prepared, and gives about \$2.

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness, or difficult breathing, or if your child wakes up during the night with croup and you want quick help, try this reliable old home-made cough remedy. Any druggist can supply you with 2 1/2 ounces of Pinex. Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. This recipe makes a pint of really remarkable cough remedy. It tastes good, and in spite of its low cost, it can be depended upon to give quick and lasting relief.

You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds.

There are many worthless imitations of this mixture. To avoid disappointment, ask for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

BEAUTIFUL THINGS

All healthy human beings love beautiful things. They worship at Beauty's shrine.

The Chinaman loves the little things of beauty. He carves quaint and interesting things upon his pipe. He fills his shop with dozens of wonderfully wrought pendants and odds and ends to warm his heart.

Go over the face of the earth and you will find this same love of beauty cropping out in all sorts of forms. Exquisite temples, artistic homes, unique furniture.

Today I walked through shop after shop in a great city and studied the different expressions of beauty in rugs, book bindings, pictures and furniture. Also things in metals, gold, silver and precious stones. I said to myself: "Why?"

Because there is a craving in the inner part of us all for expression and that finest expression always takes the road of beauty.

Beautiful things always thrill the healthy, happy human being. If they don't, something is the matter somewhere.

The lover of order, neatness, exactness, and the perfect play of beauty in things is the one you can trust.

All religion is interwoven with beauty.

Women, who are the most impressionable of all human beings, are won quicker and more permanently through appealing to their love of beauty than anything else. They are naturally and innately lovers of beauty. That is one reason why they are such inspirations to men.

Just the minute that you love something beautiful, your soul is enlarged and the world grows just a little bigger.

DAWES PLEADS FOR BIG MAJORITY VOTE IN CAMPAIGN TALKS

Enroute With General Charles G. Dawes, in New York State, Oct. 27—Starting with his regular anti-LaFollette constitution speech at Albany, General Charles G. Dawes was today winding up his eastern campaign with short addresses at Utica and Syracuse and a big Republican rally at Rochester tonight.

The vice presidential candidate is devoting more time in these speeches on the necessity of polling a big vote a week from next Tuesday than heretofore. He told the people that victory a week from next Tuesday by a narrow margin, will not do. That only by an overwhelming majority for President Coolidge and against Senator LaFollette can the danger to American institutions be safely averted.

"Even an intimation of future success of this radical movement in its proposed attack on our constitution will mean serious consequences," he said.

"It is an attack against our constitution and our present form of government."

"The trouble has been that we have had a lot of political trimmers and plotters, who have laid down, tried to please everybody and placed vote-getting above principles and have not been interested in the contest. That is the reason why you have only 33 to 40 per cent of the registered vote polled up in the state of Wisconsin for the last few years."

"That is the reason why all over the country, we have failed to get out the voters. We watch that country now that they have a fight and somebody is standing up. That is what brings the people out to the polls—an issue; and you may be perfectly sure now the issue is made that it will be met and answered."

General Dawes and his personal advisers believe that upstate New York, the territory through which he is traveling today, will determine the election in the entire state. It is in this district that the party is strongest and effort is being made to get out the vote.

COUPLE ATTENDED EVERY BALL GAME—PRIZE IS AWARDED

A Rogers silverware set, has been awarded by Manager George Ewing, of the Xenia Reserves baseball team, to Mr. and Mrs. George Reeves, of the New Burlington Pike, for attending every home game played by the Reserves at Washington Park during the season of 1924. It was announced Monday. The set is of fine quality and is valued at \$24.

Competition has been keen in this city it was said, by Manager Ewing, for the set, and many fans just missed getting the prize by the narrowest of margins.

The competition for the prize was inaugurated only this year and another feature contest of the same type will be begun at the start of the Reserves baseball season next year, according to Manager Ewing.

MRS. MARY KYLE DIES MONDAY MORNING

Mrs. Mary Kyle, 79, died at the home of her daughter, Mrs. Bert Morris, in Treblein, Monday morning at 7:40 o'clock. Mrs. Kyle had resided for two years and resided with her daughter for the past three weeks. Death was caused by a complication of diseases.

Mrs. Kyle was born near Lytle, O., December 18, 1845. She had resided in this vicinity practically all of her life and lived in Xenia forty years.

Surviving are the following children, Mrs. Bert Morris, Treblein; Mrs. Edward Morris, Dayton; John of Dayton and S. C., and Edward Coates of this city. Two brothers, Edward Cox, of Jacksonburg, Ind., and Andrew Cox, of South Lebanon and Mrs. Ice Smith of Xenia, also survive with eleven grandchildren and five great-grandchildren.

Mrs. Kyle was a member of the Friends Church. The remains were taken to Mrs. Kyle's home, 121 Orange Street, this city, where funeral services will be held Wednesday afternoon at 2 o'clock, with interment in Woodland Cemetery.

EAGLES INITIATE NEW MEMBERS HERE

Xenia Aerie, Fraternal Order of Eagles increased its membership to 207 Sunday afternoon at the Eagles Hall when fourteen new members were initiated into the order. The degree team from Wilmington put on the work.

The lodge is starting a drive for 500 members by June 1, 1925, and two initiations have already been held by the Aerie with a net increase in members of thirty-seven.

The last initiation exercises took place a month ago, when twenty-three new members were initiated into the order, the work being put on by the Dayton Aerie of Eagles.

The entire membership was present at the ceremonies Sunday afternoon, and enjoyed the refreshments served after the exercises.

The Eagles' gymnasium is now ready and everything is in order with the exception of the dumbbells and Indian clubs which will be put up this week. A rowing machine may also be added to the equipment it is said.

TAKE PRECAUTIONS AGAINST SMALLPOX

With a small outbreak of smallpox in the county, health officials are taking every precaution to prevent the spread of the disease.

Chester Preston, of the Preston Milling Co., Clifton and the daughter of Frank Swadener, also of Clifton, have the disease and their homes are quarantined. Another case of the same disease at Bowersville has been cured and no other cases have been reported in the county.

WORKMEN INJURED AS MOTOR SPEEDER JUMPS FROM TRACKS

Three men were more or less seriously injured and nine others are suffering from numerous bruises sustained when a motor propelled hand car, on which they were riding jumped the Pennsylvania Railroad track near the Jamestown crossing about 3:30 o'clock Sunday morning.

Clifton B. Fair, section hand, South Collier Street, was the most seriously injured, sustaining minor scalp injuries, and a deep cut in his body which required several stitches to close.

William Ennis, Stelton Road and Cleo Hedges, Wilmington Pike, section hands, were cut slightly about the head and Hedges was bruised about the neck. The other nine men, whose names were not learned, were bruised but not seriously.

The workmen were returning for luncheon from a job near Jamestown. The hand car was traveling at a speed of about twenty miles an hour, when a lever that controlled the car became stuck, freezing the brakes, jerking the car and throwing its passengers along the tracks.

Fair, Hedges and Ennis were taken to the offices of Dr. W. A. Galloway, West Main Street, Xenia, and first aid treatment was administered. Later Ennis returned to his home, but Hedges and Fair were removed to the Espey Hospital, North Detroit Street, where they were reported to be convalescing from their wounds Monday morning.

The extent of Fair's injuries have not been determined but it is thought that he is in no serious danger.

ELKS' EXPOSITION HELD HERE COMES TO CLOSE SATURDAY

The Exposition and Trade Show, held in the Dadds' Addition, Detroit and Church Streets, under the auspices of the Xenia Lodge of Elks, No. 668, completed its engagement Saturday evening, when the festival came to a triumphant close.

Fine weather prevailed during the latter part of the show, and good crowds witnessed the many attractions every night of the carnival, which speaks well for the success of the show.

A majority of the attractions were slightly different from anything before shown in this city, while the Radio Dance Hall, a unique sideline of the carnival, played to capacity crowds each night. Music was furnished by a local orchestra.

The Merchants' Exhibit and Automobile show in particular were principal features of interest. The Auto Show, comprised many of the makes of cars on sale in the county, all of which were put on display by local dealers. The Merchants' Exhibit like every other attraction, was entirely under canvas, and many forms of merchandise from cider to radios was on display.

Numerous concessions dotted the grounds, while the side shows, consisting of the "freak" show, motor-drome, and the attractions for the kiddies, such as the ferris wheel and merry-go-round were all found interesting by the show-goers.

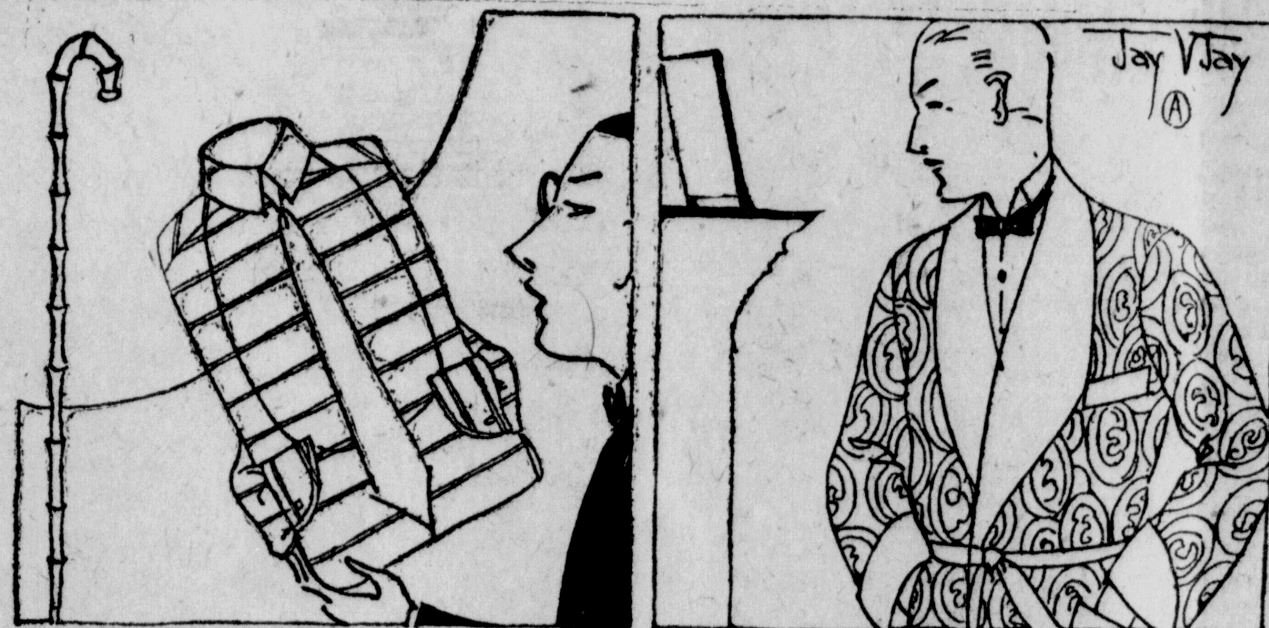

Mrs. Charles Armstrong and children, of Springfield, spent Sunday with her parents, Mr. and Mrs. Matt Kump, of North Detroit Street.

Mr. and Mrs. Lewis Alexander, of Old Town, have returned home after a ten days' visit in Maryland with relatives.

Mr. and Mrs. William Harner, of the Ludlow Road, entertained the following guests at dinner, Sunday: Mr. and Mrs. Frank Willet and children, and Mr. and Mrs. C. B. Dice.

MODISH MITZI—Mitzi Pays Attention To Masculine Modes

By Jay V. Jay

It's the pride of Harry's life—this top hat. It captured him in London and when he can't wear it he thinks about it. He's explaining to Mitzi that it has an English name. It is to morning and in the evening, of course.

Dad isn't to be outdone by any high hat of Harry's. I guess not!—Dad has a rack full of new ties. Diagonal stripes, a splashy foulard, and a bow tie of very smart design. The other four-in-hands are for standard wear.

The Goofer, too, is following the pace that Harry sets. He has acquired a whangee walking stick. The shirt, with cross stiched shirt, with cross stripes (they must go across, not up and down) has been made in England. The Goofer is taking no chances. It has to be right.

Even Bill who gives more thought to his golf clothes than anything else, has felt the influence of Harry's new London clothes. Bill has bought himself a stunning broadcated silk dressing gown. "Not so bad," is Bill's comment after seeing himself in the mirror. We'll say it isn't!

REPUBLICANS HEAR CONGRESSMAN BRAND AT BELLBROOK MEET

A good crowd of Republican supporters at the Township Hall at Bellbrook Saturday night heard Congressman Charles Brand, of Urbana, and L. J. McCarty, of Westerville, outline the main issues of the campaign, denounce the third party movement, and illustrate with past records of the Republican administration various reasons why President Calvin Coolidge and Harry L. Davis should be returned to the positions of president and governor. Congressman Brand took the tariff question as one of the most important issues and thoroughly explained every phase of it.

L. T. Marshall, chairman of the Greene County Republican Executive Committee presided. Three more Republican meetings are scheduled for the ensuing week, the first two coming on successive days, Tuesday and Wednesday.

Tuesday night a Republican rally will be held at Jamestown, with Congressman Brand and Dr. W. R. McClesney, president of Cedarville College as the principal speakers. Wednesday evening a meeting is scheduled for Spring Valley, with the same speakers delivering the main addresses.

November 1, the closing rally of the campaign will be held at Yellow Springs, with U. S. Senator S. D. Fess, resident of that village and Charles L. Knight of Akron, newspaper publisher, former congressman and a potent factor in Republican politics, delivering the main talks.

Knight's address will be one of those in a short stumping tour he is making at the personal request of President Coolidge in the interest of the Republican party.

PLANS BEING MADE FOR EIGHTH ANNUAL RED CROSS ROLL CALL

Plans are progressing for the 8th Red Cross Roll Call under the chairmanship of Mrs. Charles L. Bales of Xenia. The county organization is at most complete and the city organization is to be started this week. Friends of Red Cross, knowing the constructive work being done in Greene County are gladly taking hold of the work and townships have already practically completed their organization for the Roll Call, two weeks before the campaign starts.

The Roll Call starts Tuesday November 11, Armistice Day and closes Thursday, November 26, Thanksgiving Day. This is the annual date set by the National American Red Cross for all Red Cross Roll Calls throughout the United States.

The quota for the county is \$4,500. Meetings will be held in the various

New Method Heals Pyorrhea

Ten Year Bad Case Completely Healed in a Short Time
Writes Florida Woman

Faced with the loss of her teeth, after 10 years' suffering, Mrs. M. J. Travis, an esteemed resident of Jacksonville, declares she finally saved her teeth by a simple home treatment: "worth its weight in gold," using her own words: "After having pyorrhea for 10 years my mouth is now healed. Before I found out differently, I was told there was no relief and had yielded to the loss of six fine solid teeth. Then I discovered Moore's pyorrhea treatment. Three days after starting its use, the soreness left my gums; my teeth began to tighten. Now my teeth are clean, my breath sweet, and my mouth completely healed."

The experience of Mrs. Travis is duplicated in hundreds of other cases. If you have pyorrhea—or threatened with pyorrhea—your teeth are in danger. Quick and effective treatment is necessary. You can test, without money risk, the treatment used by Mrs. Travis. Simply write the Moreham Co., 1240 Gateway Station, Kansas City, Mo., Under their guarantee of refund send two dollars. Or, pay postman the \$2 with few cents postage. Use the treatment 7 days. Then if you are not wholly satisfied, write to that effect and your \$2 will be returned at once.

AUTO IS DAMAGED WHEN HIT BY TRAIN

A Ford truck, parked too close to the railroad track in front of The Ary Motor Sales Company, South Detroit Street, Monday morning about 11:30 o'clock, was hit by a Pennsylvania train coming from Springfield, badly bending the fenders on the left side of the machine.

The truck was owned by William Marshall, poultry man, of Cedarville. Marshall attempted to get his car out of the way, but was unable to get it started in time.

Lose Your Fat, Keep Your Health

Superfluous flesh is not healthy. Neither is it healthy to diet or exercise too much. The simplest method known for reducing the overfat body easily and steadily is the Marmola Method, tried and endorsed by thousands. Marmola Prescription Tablets contain an exact dose of the famous Marmola Prescription. These tablets are sold by druggists the world over at one dollar for a box. They are pleasant to take and leave no wrinkles or flatness. They are popular because effective and convenient. Ask your druggist for them or send price direct to the Marmola Co., General Motors Bldg., Detroit, Mich., and procure a box.

A Friend in the Basement

The Farquar System goes farther than any other furnace to make friends. It not only heats every room thoroughly, but does it with fresh air! It ventilates the home without flooding the rooms with dust, dirt, smoke, gases and fire poisons. Every room is evenly heated, no hot and cold spots and no drafts along the floor.

And if you should leave the furnace wide open after firing, the Automatic Control will close the doors and drafts and open the check, bringing the fire under complete control long before there's any danger from overheating.

Don't breathe stale, devilish air contaminated air any longer. Let

keep your home filled with a healthful, fresh, pure and invigorating air at a surprisingly low cost. Call, or phone today.

HEALTH PLAN FOR COUNTIES IS PUT BEFORE AGENTS

A health program that in general might apply to each of Ohio's 88 counties has been presented by Dr. R. G. Patterson, executive secretary of the Ohio Public Health Association, to the county agricultural club, and home demonstration agents of Ohio, and through them to the county farm bureaus.

A county's health program, Dr. Patterson told the extension agents at their annual conference in Columbus recently, might well include these eight points:

"Quarantine and bedside instruction to prevent the spread of dangerous communicable infections; instruction in prenatal care and in the hygiene of children of pre-school age; hygiene of schools and other public buildings and physical examinations and physical training of school children."

"Control of soil pollution; safeguarding water and food supplies and giving instruction on the principles of dietetics; anti-tuberculosis work directed especially toward the discovery and early-stage tuberculosis; educational work, through lectures, pamphlets and motion pictures, on specific disease problems; organization of local clubs for instruction in general hygiene."

Rural hygiene is important to the state, according to Dr. Patterson, for at least three reasons: Milk and foodstuffs may carry disease; source of most water supplies is in the country; communicable diseases cannot be controlled in the cities unless they are also controlled in the rural districts.

WHEAT PRICE HANGS ON CANADA DECLARES EXTENSION EXPERT

Canada, and the weather up there, will bear watching in the future if American wheat growers want to get some idea of the prospects for a good price on wheat.

This is the message that has been sent to all Ohio county agents for their guidance next year and thereafter by the rural economics department at the Ohio State University. Ralph F. Taber, the extension specialist responsible for the message explains it this way:

"We have a wheat crop this year 30 million bushel larger than last year, and still the price is about 30 per cent higher. The reason, or at least part of it, lies north of us in Canada."

"The three prairie provinces of Canada, Saskatchewan, Alberta, and Manitoba, now have more to say about the world's wheat price than any other section of the world. It is to their misfortune as to weather that we can lay our good fortune and a favorable price for wheat."

"In 1923 Canada produced 474,199,000 bushels of wheat; this year her estimated production is 282,042,000. Her normal needs for home consumption and seed run from 80 to 100 millions. So there is a difference of about 200 million bushels entering the world market. This difference is a larger amount than any other country exports."

"From now, on, when considering prospects for a fair price, the American producer had best watch the

BEWARE THE COUGH OR COLD THAT HANGS ON

Chronic coughs and persistent colds lead to serious lung trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with twofold action; it soothes and heals the inflamed membranes and kills the germ.

Of all known drugs, creosote is recognized by the medical fraternity as the greatest healing agency for the treatment of chronic coughs and colds and other forms of throat and lung troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption.

Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma, catarrhal bronchitis and other forms of throat and lung diseases, and is excellent for building up the system after colds or the flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist. Creomulsion Co., Atlanta, Ga. (Adv.)

Get rid of that annoying rash

THERE is no need of enduring the itching, burning torture of eczema, chafing or some similar affection, when Resinol gives such quick relief and in many cases clears the trouble away in a few days. This gentle healing ointment sinks deep into the pores and attacks the root of the trouble, soothing the skin back to normal.

Resinol Soap is a ready aid in treating skin troubles, but it is especially recommended as a toilet and bath soap for general use.

Ask your druggist for the Resinol products.

RESINOL

weather in Canada. So long as we export nearly 100 million bushels, as we did during the year ended June, 1923, Canada, with her arable land suited to wheat only one fourth utilized, will, tariff or no tariff, have a very direct bearing on the American wheat price."

COMEDY SENSATION OPENS HERE MONDAY

Lovers of all that is clean and wholesome in stage productions have a treat in store in the engagement of Anne Nichols' amazingly successful comedy of laughter, "Able's Irish

Rose," which will be presented at City Hall Theatre for three nights, beginning Monday evening with a matinee Wednesday.

The play is now in its third year in New York at the Republic theatre and is still playing to capacity audiences, while in Chicago, where it has been running at the Studebaker theatre for the past several months, seats are still being sold sixteen weeks in advance. Of cities like Baltimore, Washington, Pittsburgh, Cleveland, Cincinnati, Columbus, Toronto, Montreal, Buffalo, is a matter of record this wonderful perennial has played from ten to forty two consecutive weeks in each place, while it has played from some of the smaller places known as one-night stands and stayed from three nights to three weeks to capacity business.

A hundred eyes

"HE WHO buys had need have a hundred eyes," said Poor Richard.

That was quite true in his time. Whenever you needed anything, you had to go to this store—then to that store—across the street—to every place that carried the thing you needed. If you missed any one of them, you might be overlooking the very place that held the bargain you sought.

Not so today. Your own two eyes are plenty now. For every day this newspaper brings right into your home all the stores you would want to visit and the goods in which you are interested. Comfortably seated in your armchair, you simply take your paper and read thorough the advertisements.

So, later, when you do go out to buy, you know exactly where you are going. You know just what you are going to get. You know just how much you are going to pay.

Read the advertisements. They deserve your attention. They save you time, labor and money. It is to your advantage to read them.

TEACHERS TO MEET IN COLUMBUS NEXT MONTH ANNOUNCED

One of the largest educational conferences held in America is to convene in Columbus November 7 and 8. It is the annual meeting of the Central Ohio Teachers' Association and the teachers of this community, being members of the association, are planning to attend and be among the eight thousand expected to be in attendance.

For the general program such noted speakers as Dallas Lore Sharp of Boston, William Mather Lewis of George Washington University, Supt. William McAndrew, of Chicago, Hon. Albert S. Cook, of Maryland, Dr. S. Parkes Cadman and Charles E. Watkins are scheduled to address the convention. Other special features of interest to teachers Friday morning at nine o'clock Columbus time on the stages of large theaters in the downtown districts. Friday afternoon Departmental meetings are arranged for teachers of every grade and subject.

Reduced railroad rates for the meeting are being given when teachers present certificates which they have secured from the executive secretary. The officers of the Association are: Supr. A. E. Claggett, Dayton, president; Miss Martha Dawson Columbus, vice-president; H. T. Main Delaware, secretary; Charles W. Cookson, Urbana; C. A. Waltz, Xenia, executive committee; Geo. C. Dietrich, Piqua, executive secretary.

Many teachers are remaining in Columbus over Saturday afternoon for the Indiana-Ohio Football game which is to be played at the Stadium.

LOCAL OWNED HORSE RECEIVES PRAISE

Local harness racing horses are getting considerable attention through out racing circles, and the articles written by A. L. Churchill, racing authority under his pen name, "The Trotter and Pacer," have given Silver Point, 2:08 1/4, gray pacer owned by J. W. Faulkner, of this city, a good standing in local racing circles.

In Churchill's Sunday article, October 26, Ross Harvester, owned by Mrs. J. W. Falkner, Xenia, has the limelight.

Churchill said: "Ross Harvester, 2:14 1/4, the good trotter, owned by Mrs. J. W. Faulkner, Xenia, has been quite a good horse this season for Trainer Joe Hagler, one of his best races of the season being in the 2:18 trot at Eaton, which he won after a hard five-heat battle. Ross Harvester is the trotter purchased in one of the recent Chicago sales by Adolph Wilson, of Dayton, who sold the gelding to his present owner."

Shot Wrong Man; Kills Self.

Zanesville, O., Oct. 27.—Clare Patterson and Ole Lowe left a crap game in a huff, went home for weapons, returned with a shotgun and ambushed the wrong man. Patterson, hiding in some bushes, shot and probably fatally wounded John Ashenselter, 55, mistaking him for one of the crap shooters. Police arrested Lowe and found Patterson's sedan later. When they opened the car door Patterson's body toppled out. He had blown off the top of his head with the shotgun.

—to regain Strength

—brings joy to you and your friends.

EVERY man, woman and child wants to have strength and correct weight. It means the joy of living. To be minus strength and underweight often proves low fighting power in the body. It often means you are minus nerve-power, minus red cells in your blood, minus health, minus vitality. It is serious to be minus, but the moment you increase the number of your red-blood-cells, you begin to become plus. That's why S.S.S., since 1826, has meant to thousands of underweight men and women a plus in their strength. Your body fills to the point of power, your flesh becomes firmer, the age lines that come from thinness disappear. You look younger, firmer, happier, and you feel it, too, all over your body.

More red-blood-cells! S.S.S. aids Nature in building them by the million! There are no unproven theories about S.S.S., the scientific results of each of its purely vegetable medicinal ingredients are admitted by authorities. Begin taking S.S.S. today. It will give you more energy, vitality and vigor and a more up and going appearance.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

BRINGING UP FATHER

The Truant Soul

By
Victor Rousseau

At any rate she was satisfied with some such solution. And she was certain that, if she pleased him with her mysterious mission, her reinstatement would follow. She went home happy, and Mrs. Webb read the news in her face the moment she opened the door.

"I knew it, my dear," she exclaimed with pleasure. "I knew that you could twist that old devil round your finger if you tried hard enough."

"Mrs. Webb, it was nothing of the kind," said Joan. "And Doctor Lancaster is one of the kindest of men. He's going to try to have his decision reversed, and—Mrs. Webb, he is sending me to a sanatorium, on a case, in the meantime."

She checked herself, suddenly remembering Lancaster's caution. But Mrs. Webb took the girl to her wide bosom and kissed her.

"You little humbug!" she said. "Mrs. Webb," cried Joan, scandalized, "if you knew—"

But when she was upstairs she sat down suddenly and faced her conscience. What impression of herself had she given in the consulting room?

She did not know. This scene, like that of the morning, had become blurred in her memory, and time had begun to flow very fast after the slowness of her twenty-two years. Certainly stranger things had happened that day than at any time since her mother's death!

She leaned out of the window. She suddenly remembered that the institute was not many miles from her old home. It would be almost going home—and on the morrow. Joy leaped into her heart.

Then she saw something that for an instant chilled the blood in her veins. Across the street, leaning against the park railings and looking up at the house, was a short, square-built figure of a man wearing a hard hat. She could not distinguish the face, but she thought it was Myers. And she remembered his threat.

What did it mean? Bewildered, she turned into her room again. She half regretted now that she was to go to Lancaster.

But in the morning she dismissed the incident from her mind as a fantasy.

At half-past seven in the evening Joan descended from the train at Lancaster station, after an all-day ride. It was like going home. Joan could not see her village, which was on a branch line, but at Medlington she was only four miles away. There were the same misty mountains, breaking the horizon line, the same small, straggling towns, the same fragrance of the deep forests, breaking back to her those remembrances which a chance odor suddenly unlooses, as at

the touch of some magician's staff. The two years that she had spent at Avonmouth seemed to slip out of her recollection.

As the afternoon flew by the distant mountains changed into a semi-circle of irregular heights. Now the train was climbing into the foothills. It was a lonely land. This was further in the back country than Joan had ever been. The villages were becoming mere clusters of negro cabins. There had been two changes of trains and each time the coach became shabbier and more disreputable, and more impregnated with tobacco smoke. The character of Joan's fellow travelers changed as well. They were uncouth, they wore chin beards and rough store suits; they sat perspiring and collarless, the soft hats pulled over their foreheads. But she looked at them with the loving appreciation of her own people that was in her heart, and they, in the presence of the pretty girl who was traveling alone, displayed the innate courtesy of the Southerner.

The sun descended; it was gilding the whole land with level rays of gold and dancing on the horizon like a red ball when the train pulled into Lancaster, the last station before Millville, the terminus. Joan got down and looked about her.

The station was a tiny place and seemed deserted. The booking office was closed. In the waiting room, appearing almost to flit it, was a stout negress with a dozen parcels; from the wicker sides of one two hens' heads with blinking eyes protruded. Outside a ramshackle buggy, with a lean chestnut horse attached, was drawn up to the edge of the muddy road.

A well-dressed young mountain boy in a hard-felt hat was standing beside it. As Joan came out of the station he turned toward her, took off his hat, and bowed.

"Miss Wentworth?" he inquired, in a well-bred tone.

"Yes. You are from the Institute?"

"Yes, Miss Wentworth. Mrs. Fraser will be expecting you." He looked beyond her, and Joan, turning, perceived to her discomfort the man Myers, in his hard hat. He must have traveled up in the train with her.

Myers came forward, taking off his hat grudgingly. "Miss Wentworth, I'm sorry if I annoyed you last night," he said. "I ought to have explained to you that I'm the secretary of the institution. I guess my manners ain't very good, but I meant no harm."

Joan, who had witnessed his presence with consternation, now felt a sudden reaction from her fears. Of course, Myers' explanation made the situation intelligible.

MAC DONALD CONFIDENT DESPITE AUTHENTIC DENIAL OF ALLEGED FORGED REQUEST TO AID SOVIETS

British Press However, Declares That If Document

Premier Is Certain.

London, Oct. 27.—"Despite the Russian affair," Premier Ramsay MacDonald was optimistic today, predicting a labor victory in the general election Wednesday. In a special statement to International News Service, Premier MacDonald said:

"Wednesday will be labor's day. Signs of a labor victory at the polls are unmistakable. The pact between the Tories and Liberals, supported by a solid phalanx of newspapers shocked the people who are seriously interested in politics. A great increase of labor's strength is bound to result."

London, Oct. 27.—Faced with Moscow's denial of the authenticity of the Zinovieff letter asking Premier MacDonald's co-operation in forwarding communists now are saying if the document proves a forgery, then MacDonald has killed himself as a socialist leader. DAVIS EXPRESSES HIS CONFIDENCE IN VICTORY NEXT WEEK

Candidate For Governor
On Last Tour of State
Shows Optimism

Cleveland, O., Oct. 27.—Expressing unbounded confidence in a sweeping republican victory at the Ohio polls a week from tomorrow, Harry L. Davis, Republican candidate for governor, departed today for his last campaign tour of the season.

"As the campaign in Ohio approaches a close," Mr. Davis said, in a statement issued today, "there is seen increasing evidence that the state again will give an overwhelming victory to the Republican party."

"Ohio will prove itself one of the strongest supporters of our president Calvin Coolidge, and we confidently believe the voters will give the state ticket, their well merited support."

NAVY DAY PROGRAM PARTLY CANCELLED

Washington, Oct. 27.—The national capital's observance of navy day was dimmed today by the funeral services for Secretary of Agriculture Henry C. Wallace at the White House.

The greater part of an extensive program was cancelled by the death of the cabinet officer and instead of the speeches and parades that were to have marked the day, there were only brief and simple decoration exercises at the monuments to naval heroes which are scattered through the parks of the capital.

Flowers were placed on the statues of John Paul Jones, Admiral Farragut and others.

Tonight Secretary of the Navy Willbur will broadcast a speech commending the navy's services to the nation.

GUARD OF AMERICAN LEGATION INCREASED

General Feng Yuah Siang is being praised for maintaining perfect order. His soldiers are known as the best disciplined in China.

COMMANDER OF 32ND DIVISION IS DEAD

Washington, Oct. 27.—Major General William A. Haan, who commanded the Thirty Second Division, composed of Michigan and Wisconsin troops in the Argonne and other severe engagements in France, died here early today at Mt. Alto hospital.

Death was due to a complication of diseases. He was 62 years old.

General Haan was one of the best known division commanders of the A. E. F. He was decorated by French and Belgian governments as well as the American government.

Sentenced in Liquor Case.
Cincinnati, Oct. 27.—Harry Collins, real estate dealer, alleged to be one of the leaders of a ring which supplied liquor to negroes, was sentenced in federal district court to serve a year and a day in the Atlanta penitentiary and to pay a fine of \$5,000. William Lillard, negro proprietor of a cafe, was sentenced to six months in jail and fined \$500.

SAILORS ON TRENTON HEROES IN DISASTER.

When the fatal blast that snuffed out the lives of nearly a score of sailors on the scout cruiser Trenton occurred off the Virginia Capes, the forward twin-mount six-inch gun turret was turned for a broadside, the entrance door hanging over the side of the ship, and several sailors being dropped overboard. This photograph, taken a moment after the explosion, shows intrepid members of the crew mounting a tiny rope ladder over the side of the ship to work the turning gear, revolve the turret back over the deck and bring out the dead and injured. The other photograph shows the removal of the dead.

DENIES MONEY BEING SPENT FOR THE PURPOSE BEATING SEN. WALSH

Washington, Oct. 27.—With only three or four days remaining before the senate investigation of campaign expenditures is adjourned until after the election, counsel for Senator Robert M. La Follette today redoubled their efforts to show Senator William E. Borah and his colleagues that at least \$16,000,000, is being used to finance the Republican presidential campaign.

Returning from New York, where he spent the week end in making personal inquiries in connection with the investigation here, Samuel Untermyer and Frank P. Walsh, the La Follette attorneys, revealed that their first effort upon the resumption of the slush fund probe will be to show that \$2,000,000 had been contributed to the Republican fund by office-holders under the Harding-Coolidge administration.

Already in the committee's record is a charge, made by the head of the "Lily Black" Republican organization in Virginia, that the law has been violated in that state by the gleaming of campaign contributions from postal employees. The federal law in this matter provides that postmasters or other federal officials may not be solicited for funds on government property.

But an attempt will be made to show that ways have been found to "get around the law even if actual technical violations have not taken place."

Washington, Oct. 27.—The senate committee investigating campaign contributions received from J. W. Anderson, state chairman of the Farmer-Labor party of Montana, a denial that large sums of Republican money are being spent in Montana to defeat Senator Thomas J. Walsh, Democrat.

Mr. Anderson declared that Walsh's telegram citing rumors of the sending of \$100,000 to Montana to defeat him was a "smoke screen," and that Democratic expenditures in Montana should be probed. "There is no evidence," Anderson telegraphed, "that large sums of money are being spent in Montana to defeat Senator Walsh, but scores of large billboards advertise Walsh, together with many moving picture films, and other costly advertisements, indicate that much money is being spent for Walsh and against him. The message that Walsh sent the committee looks like a smoke screen and should be investigated."

The senate committee has summoned a number of witnesses, who are to be heard this week in connection with charges of expenditures of huge funds on behalf of the Republican national ticket.

Efforts also have been made to get at some of the facts as to the circumstantial stories told by two Chicago men about alleged improper use of money. Before these two men are called to the stand their stories will be thoroughly investigated by agreement between committee members and counsel for Senator Robert M. La Follette, the independent presidential candidate.

William V. Hodges, treasurer of the Republican national committee, sent to the committee a list of contributions to the Republican fund by states up to Oct. 10. This report shows that nearly two-thirds of the \$1,714,000 received up to that date had come from three states, New York, Illinois and Pennsylvania, and that three states, Arizona, Idaho and Wyoming, had reported no contributions. Collections from New York had totaled \$514,521; those from Illinois \$390,822, and those from Pennsylvania \$257,621.

The committee expects to inquire into the collections in the Pittsburgh district of Pennsylvania and to that end W. L. Mellon, a nephew of Andrew W. Mellon, secretary of the treasury, has been asked to appear.

Among witnesses on the list is Guy D. Emerson of New York, who, according to testimony now in the record, organized the committees in the various industries, business and professions in New York city to assist in the collection of the \$1,000,000 budget Republicans of New York have been called upon to subscribe under the financing plan originally agreed upon by the Republican national committee.

There will be only three or four more sittings of the committee before adjournment is taken over the election, so that members can return to their homes by Nov. 4. Within that space of time it will be impossible for the investigators to cover more than a very small part of the field that has been opened up since the inquiry started in Chicago 10 days ago.

CONTRACTORS ASKED FOR CAMPAIGN FUNDS

Columbus, Oct. 27.—L. A. Boulay, state highway director, made public photostatic copies of affidavits of G. H. Heffner and Ralph R. Heffner, members of the firm of G. H. Heffner & Son Company, general contractors of Celina, O., in which they declare they were solicited for campaign funds for Harry L. Davis' campaign.

In substantiation of his claim that Davis and his campaign committee were making a "systematic solicitation of Ohio road contractors by strong-arm methods for contributions to the Davis campaign fund."

The solicitor, according to the affidavits, was a "tall, slender man, who introduced himself as a Mr. Mann or Mahon." He told G. H. Heffner that members of another Celina contracting firm had contributed, as had road contractors of Greenville. The affidavit says: "The deponent stated he did not care to contribute, and was answered that he would be reimbursed if he contributed by being given a road contract and that the inspection would be such on the road that he would get it back."

MAN WANTED FOR MURDER OF POLICEMAN IS ARRESTED AT WHEELING, W. VA., WITH WOMAN

Cleveland, Oct. 27.—Captured after one of the most thrilling and colorful manhunt in police annals, at Wheeling, W. Va., Albert E. Holt, the "red head" sought in connection with the murder of Policeman Michael Hahnel of Shaker Heights, was safely lodged in the city prison here today, while police redoubled their search for "Joe," believed to have been Holt's companion on the mad ride in a stolen car, following the holdup of a gas filling station, which immediately preceded the fatal wounding of Hahnel, when he placed them under arrest for a traffic law violation.

With Holt, when he was captured yesterday, was Mrs. Margaret Horton and her crippled daughter, aged eight years. It was through an intercepted telegram sent to friends here appealing for funds when money ran low that Wheeling police were able to organize their manhunt which resulted in the capture of the man for whom rewards totalling \$6,000 have been hung up.

SOLONS' GUESS AT ROAD MONEY IS LOW

Columbus, Oct. 27.—According to Highway Director L. A. Boulay, miles of Ohio roads in need of repair are still rough because the Ohio legislature took a recess a year and a half ago. The solons, according to Boulay, underestimated the amount of money which would be received from the sale of auto licenses, all of which must be used for upkeep of roads. Now, he asserts, there is an unappropriated balance of about \$3,000,000 in the state treasury which can be used for no other purpose than for state road maintenance, but which is not available for such use. Attorney General Crabbe has ruled that it must be specifically appropriated by the general assembly before it is available. Had the legislature been in session last spring, it would have been requested to make such appropriation. When the next general assembly meets in January, he will see to it that this unappropriated balance is made available as soon as possible.

Boys Badly Burned.
Sandusky, O., Oct. 27.—Albert Sutz, Charles Lantz, Willard Federkiet, "Bud" Koch and Clarence Patch, boys of about 14, are recovering from painful burns. While playing on the Erie county fair grounds they found a fireworks bomb. The powder was taken from the bomb and placed in a bottle. Then a lighted match was applied and an explosion resulted.

WOMAN PLEADS GUILTY TO MURDER OF 2 WEEKS OLD BABY SON BECAUSE "IT WOULDN'T HAVE FAIR CHANCE"

Mother Says She is Not Sorry When Arraigned On
Serious Charge at Wooster—Remains Calm
In Face of Charge.

Wooster, O., Oct. 27.—A picture of stoic calm, Mrs. Blanche Tobias, 21, appeared before Mayor M. R. Limb today for arraignment on the charge of murdering her baby son, Homer Lloyd, aged two weeks.

"How do you plead, guilty or—"

"Yes, I'm guilty," she replied, before the mayor could complete the formal question.

These were the only words she spoke at the hearing. She was remanded to jail to await grand jury action.

Her husband, notified yesterday of the child's death, went to the county infirmary last night for the body. He too kit to Smithville, near here, where interment was made today. An older child, Elsie, aged two years and six months, was placed in the children's home today.

Returning from her arraignment to jail, Mrs. Tobias, calmly repeated her admissions that she had killed her baby boy, "because it wouldn't have a fair chance."

"My husband wouldn't believe the child was his," she said, her calm never breaking for a moment. "I thought it was better dead. Yes, I killed it and I'm not sorry."

"The law can do what it will, the baby's safe from a hard life, where people would sneer at him because my husband said he wasn't his father."

Prosecutor C. O. Fritz planned to ask an early indictment of Mrs. Tobias, who has been left alone in her trouble.

Neither her husband or other relatives have yet visited her, since her incarceration.

The woman, alone in the county jail, talks only when spoken to and then answers questions with the fewest possible words. Attorneys have not yet been employed to defend her.

Wooster, O., Oct. 27.—"I didn't think the baby would have a fair chance, so I killed it," Mrs. Tobias, a meek little woman of 21 years, confessed to police today, after Dr. R. C. Paul discovered finger marks on the throat of her two weeks old son, who died Saturday afternoon at the county infirmary.

Mrs. Tobias was taken to the county infirmary two months ago after a violent quarrel at the family home near Sterling. Neighbors found her lying in the yard almost unconscious. She said her husband had beaten her because he charged the child she was expecting was not his and that he would make no provision for it. The husband was bound over to the grand jury. Recently a reconciliation was affected.

Tobias saw the baby last week and according to the mother, said it did not resemble him and that he did not believe it was his.

"I held its nose with two fingers and with my other hand I choked it," the mother calmly confessed, according to police. "It died in about two minutes."

Reserve officers will be "ordered" to duty rather than invited, if a resolution asking this change is made effective, and a request that "adequate transportation" be provided for regular army officers on duty with organized reserve units was passed. Aviation training facilities should be provided for R. O. T. units and C. M. T. units, so students who comprise most of the personnel of these units may be prepared for service in this branch, the association decided. Training of one-third of the reserve officers for 15 days each year was urged, and congress asked to provide money for this and for the training of 1,000 additional officers for more than 15 days each year and 720 officers for active duty with the C. M. T. C.

The convention will meet next year in Kansas City.

Brigadier General John R. Delafield was re-elected president, Brigadier General Roy Hoffman, Lieutenant Colonel Nobil B. Judah and Colonel J. A. Hawkins were elected vice presidents, and Colonel John Stewart of Washington was re-elected treasurer.

SHAYER PREDICTS VICTORY OF DAVIS AND BRYAN EFFORTS

Washington, Oct. 27.—In a statement issued here Chairman Clem L. Shaver of the Democratic national committee predicted the election of Davis and Bryan. Shaver also proclaimed Saturday, Nov. 1, as "Davis victory day." In his statement Shaver said:

"A careful analysis of reports from all doubtful states shows that Calvin Coolidge is defeated for re-election, and that in nearly all states La Follette will draw more votes from Republicans than from the Democrats."

"This is especially true in the states of the middle west. The analysis is based on the congressional and other elections of 1922 and reports from state and county chairmen from every state in which the result is in doubt."

"States carried by the Democratic party in the congressional elections in 1922 would alone be sufficient to choose a Democratic president. The states carried by the Democrats for members of the house in that year total 277 electoral votes, or 23 majority in the electoral college. If we add to these the states carried by Democratic candidates for governor or United States senator, or both, they total 32 more, or 359 electoral votes, a majority of 187 in the electoral college."

RESERVE OFFICERS SEEK ENROLLMENT OF 183,000 MEMBERS

Expansion Resolutions Are
Adopted at Meet In
Columbus

Columbus, Oct. 27.—In resolutions adopted at the closing session of the national convention of the Reserve Officers' association, expansion of the organized reserve forces to six complete field armies supplied with officers and noncommissioned officers and auxiliary organizations, to a total of 183,000 men, was recommended to the war department.

The convention also recommended development of esprit de corps by building up the permanent local units, opposition to the placing of any unit on inactive status, and more funds for training officers and men of the reserve forces.

Special effort was made at the meeting for individual officers of the reserve corps, with a view to having them placed on a more satisfactory basis. Among the recommendations made in this group was one asking "the same pay allowances as officers of the regular army" during the existence of any disability either temporary or permanent, incurred by a reserve officer while on active duty.

Increase of mileage allowance now "insufficient to cover the actual expenses of travel" for reserve officers ordered to active duty, and granting of the franking privilege to reserve officers, so their official mail may be handled without charge, also are urged.

Reserve officers will be "ordered" to duty rather than invited, if a resolution asking this change is made effective, and a request that "adequate transportation" be provided for regular army officers on duty with organized reserve units was passed. Aviation training facilities should be provided for R. O. T. units and C. M. T. units, so students who comprise most of the personnel of these units may be prepared for service in this branch, the association decided. Training of one-third of the reserve officers for 15 days each year was urged, and congress asked to provide money for this and for the training of 1,000 additional officers for more than 15 days each year and 720 officers for active duty with the C. M. T. C.

TO START BUILDING PROGRAM AT SCHOOL

Columbus, Oct. 27.—Director of Public Welfare John E. Harter stated that active work on an extensive building program at the Boys' Industrial school, Lancaster, will begin within a few weeks, advertisements calling for bids for the work being placed. The improvements include an entire new bakery, which, with equipment, will cost approximately \$15,000. A new school building, modern in every way, which has been needed by the institution for many years, will be erected at an approximate cost of \$70,000, and four of the old cottages will be modernized, both inside and out at a cost of \$80,000.

Because of the many other institutions where prisoners are being employed, the work at Lancaster will be awarded to the low bidder and all work will be done by contract.

FORMER XENIA GIRL MARRIED IN DAYTON

The marriage of Miss Mary Bradley, of Dayton, formerly of this city and Mr. Robert Fallout, of Dayton, was quietly solemnized at the Third Street Presbyterian parsonage, Dayton, Wednesday evening at 7:30 o'clock. The Rev. Daniel Brownlee officiated.

The couple was attended by Miss Mary Bates and Mr. Jack Woods. The bride wore a brown satin crepe dress with a gold chenille tunic with hat and shoes to match. The bridesmaid also wore brown silk crepe. Both carried roses. Immediately after the ceremony a dinner was served at the bride's home at 60 Torrence Street.

Both Mr. and Mrs. Fallout are employees of the N. C. R. office force. They will make their home at 231 Park Street, Dayton.

BIRTHDAY DINNER GIVEN SATURDAY

Honoring the birthday anniversary of Mrs. Catherine Haas, of Dayton, members of the family were guests at a handsomely appointed dinner given by Mr. and Mrs. Michael M. Haas, of East Third Street, Dayton, Saturday evening.

Yellow Chrysanthemums formed the center piece. Covers were laid for Mrs. Catherine Haas; Mr. and Mrs. C. L. Graves, Mr. and Mrs. Harry Graves, Mr. and Mrs. Bert Tullis, of Dayton, Mr. and Mrs. William Golden, of Xenia; Mr. and Mrs. John Haas, Mr. and Mrs. Charles H. NEW D. A. R. CHAPTER ORGANIZED AT CEDARVILLE

A group of Cedarville women met at the home of Mrs. I. C. Davis, Cedarville, Thursday, for the purpose of organizing a Cedarville chapter of the Daughters of the American Revolution.

Mrs. Lowell F. Hobart, of Cincinnati, state regent, acted as organizing regent and upon request for a chapter, declared the group organized as the "Cedar-Cliff Chapter of the National Society of the Daughters of the American Revolution."

The following officers were elected: regent, Mrs. I. C. Davis; vice-regent, Mrs. H. H. Funseth; recording and corresponding secretary, Miss Hester Townsley; registrar, Dr. Nancy E. Finney; historian, Mrs. Ervin Kyle.

The officers took their oath of office and started at once on their duties as outlined in a talk given by Mrs. Hobart.

Those present were: Mrs. Lowell F. Hobart, Mrs. C. H. Ervin, Mrs. J. C. Townsley, Mrs. Carrie Crouse, Mrs. Clara Morton, Miss Hester Townsley, Mrs. Ancl Wright, Mrs. Anna Wilson, Mrs. Ervin Kyle, Mrs. H. H. Funseth, Mrs. J. P. White, Miss Kathleen Blair, Mrs. Walter Hille, Miss Helen Hille, Mrs. Wilson Galloway, Mrs. Earl Richards, Mrs. Howard Turnbull, Mrs. Fred Townsley, Mrs. Oliver Jobe, Mrs. Ralph George, Mrs. H. H. Cherry, Mrs. I. C. Davis and Dr. Nancy E. Finney. Mrs. Davis was assisted as hostess by Dr. Finney.

The organization of the "Cedar-Cliff Chapter" of the D. A. R. was the outgrowth of the efforts of Mrs. J. H. Andrews and Mrs. I. C. Davis, who called a meeting of several Cedarville women, last May, to discuss the possibility of forming a chapter. The movement gathered force and numbers until the chapter became a reality.

WHAT MAY HAPPEN IN GREENE COUNTY OR A LIKE ACCIDENT

It would surely seem as if the neighborhood of Lorain, O., about a dozen miles from Cleveland, was having more than its share of ill luck in the last few years. Wrecked by a cyclone within the last few months, and almost all the houses destroyed in a way that did not allow of reparation as would have been allowed if burned, the people had to ask for help from all over Ohio.

Now comes another disaster and worse than the other to many in the neighborhood, the ruthless deaths of many of the youngest members of many families, the beloved children, 6 to 8 years old, Thursday evening, children on their way from school in a school omnibus which was struck by a trolley car. The following tells briefly of it but the details are heartrending:

Lorain, Ohio, October 23.—The bus of the Brookside Consolidated School, carrying 37 first and second grade pupils, from 6 to 8 years old, was struck by a Cleveland-bound interurban car this afternoon at Stop 83, east of Lorain, killing one instantly and injured more than 30 of the others so seriously that two died within an hour, and others are not expected to live.

The serious part of this accident to many parents the State over is that a counterpart to it may come in any community where children have to be carried by omnibus and from schools when the route that has to be taken includes trolley or railroad lines.

In the above case the school district had been to \$14.00 expense from the cyclone and was not able to buy a new omnibus, so an old rattle-trap one was being used.

"BUSINESS IN GOVERNMENT" DEPENDS ALTOGETHER ON MEN

The argument has been advanced that the splendid record of economy and reorganization made by the Republican administration is due solely to the introduction of the Budget system. It is true the budget law and other supplementary legislation made it possible in some cases, and easier in others, to carry out the program of putting more business in government, but it should be emphasized that the budget law did not automatically result in the reforms which have taken place. No law operates automatically. The fulfillment of the letter and spirit of any legislation depends upon the character and the disposition of those entrusted with its administration. The human element is, and must always be, the dominating factor in government business quite as surely as in private business.

It would be extremely dangerous to assume that now that the budget system has been established, it makes no difference which party is entrusted with the administration of the departments. No system of government can be more efficient than the men who administer it. Men who have directed the executive departments of the government for the last three years, must receive the credit for the introduction of business methods into the government, for the successful operation of the budget law, for the faithful fulfillment of the Republican pledge to inaugurate a policy of economy and efficiency, for the splendid financial condition of the United States, and for the decreases in the burden of taxation.

FIRST PARAGRAPH OF PRESIDENT COOLIDGE'S FIRST MESSAGE

Since the close of the last Congress the Nation has lost President Harding. The world knew his kindness and his humanity, his greatness and his character. He has left his mark upon history. He has made justice more certain and peace more secure. The surpassing tribute paid to his memory as he was borne across the continent to rest at last at home revealed the place he held in the hearts of the American people. But this is not the occasion for extended reference to the man or his work. In this presence among those who knew and loved him, that is unnecessary. But we who were associated with him could not resume together the functions of our office without pausing for a moment, and in his memory reconsecrating ourselves to the service of our country. He is gone. We remain. It is our duty, under the inspiration of his example, to take up the burden which he was permitted to lay down, and to develop and support the wise principles of government which he represented.

BALANCING A BUDGET WITHOUT PAYING DEBTS

Russia has balanced its budget for the first time since the revolution. As only a few of the financially stronger nations of the world are today able to accomplish this feat, the self-congratulation of the Bolshevik Finance Minister might seem justifiable. The issue of fiat money has ceased, and the income from taxation and State enterprise is expected to cover the expenditures for administration. In other words, the period of financial chaos that followed the revolution has passed, and the Government is even appropriating a small sum for famine relief. Russia seems to have become financially respectable. But there is, of course, a catch in it. A part of the Russian income is derived from confiscated properties. Respectable nations have no such income. The Bolshevik Government has repudiated the Russian national debt. Respectable nations strive to pay theirs—or at least refrain from talking about budgets as balanced that make no provision for them. Any nation might balance its budget as Russia has done, through confiscation of property and refusing to pay its debts.

AN EMPTY HOUSE
An empty house, an empty house,
with every spirit flown!
A house which many years ago a
woman smiled to own;
The cradle of a thousand dreams
when youth was at the door.
But now the young have grown so
old and all the dreaming's o'er;
Decay is at its pillars now, despair
at every pane,
And where the children romped in
play the bats, nocturnal, reign.
The drama of all human life those
crumbling walls have seen
For once that house was young and
strong and once its floors were
clean;
And then within that upper room, as
once at Bethlehem,
The miracle of birth occurred, a child
was born to them;
Then joy went dancing up the steps,
and laughter rang within,
But now the roof which sheltered
them is slowly tumbling in.

I never pass an empty house so desolate and bleak
But what this thought occurs to me;
If those old walls could speak
What tales of love, and hope, and
care, and sorrow they could
tell!

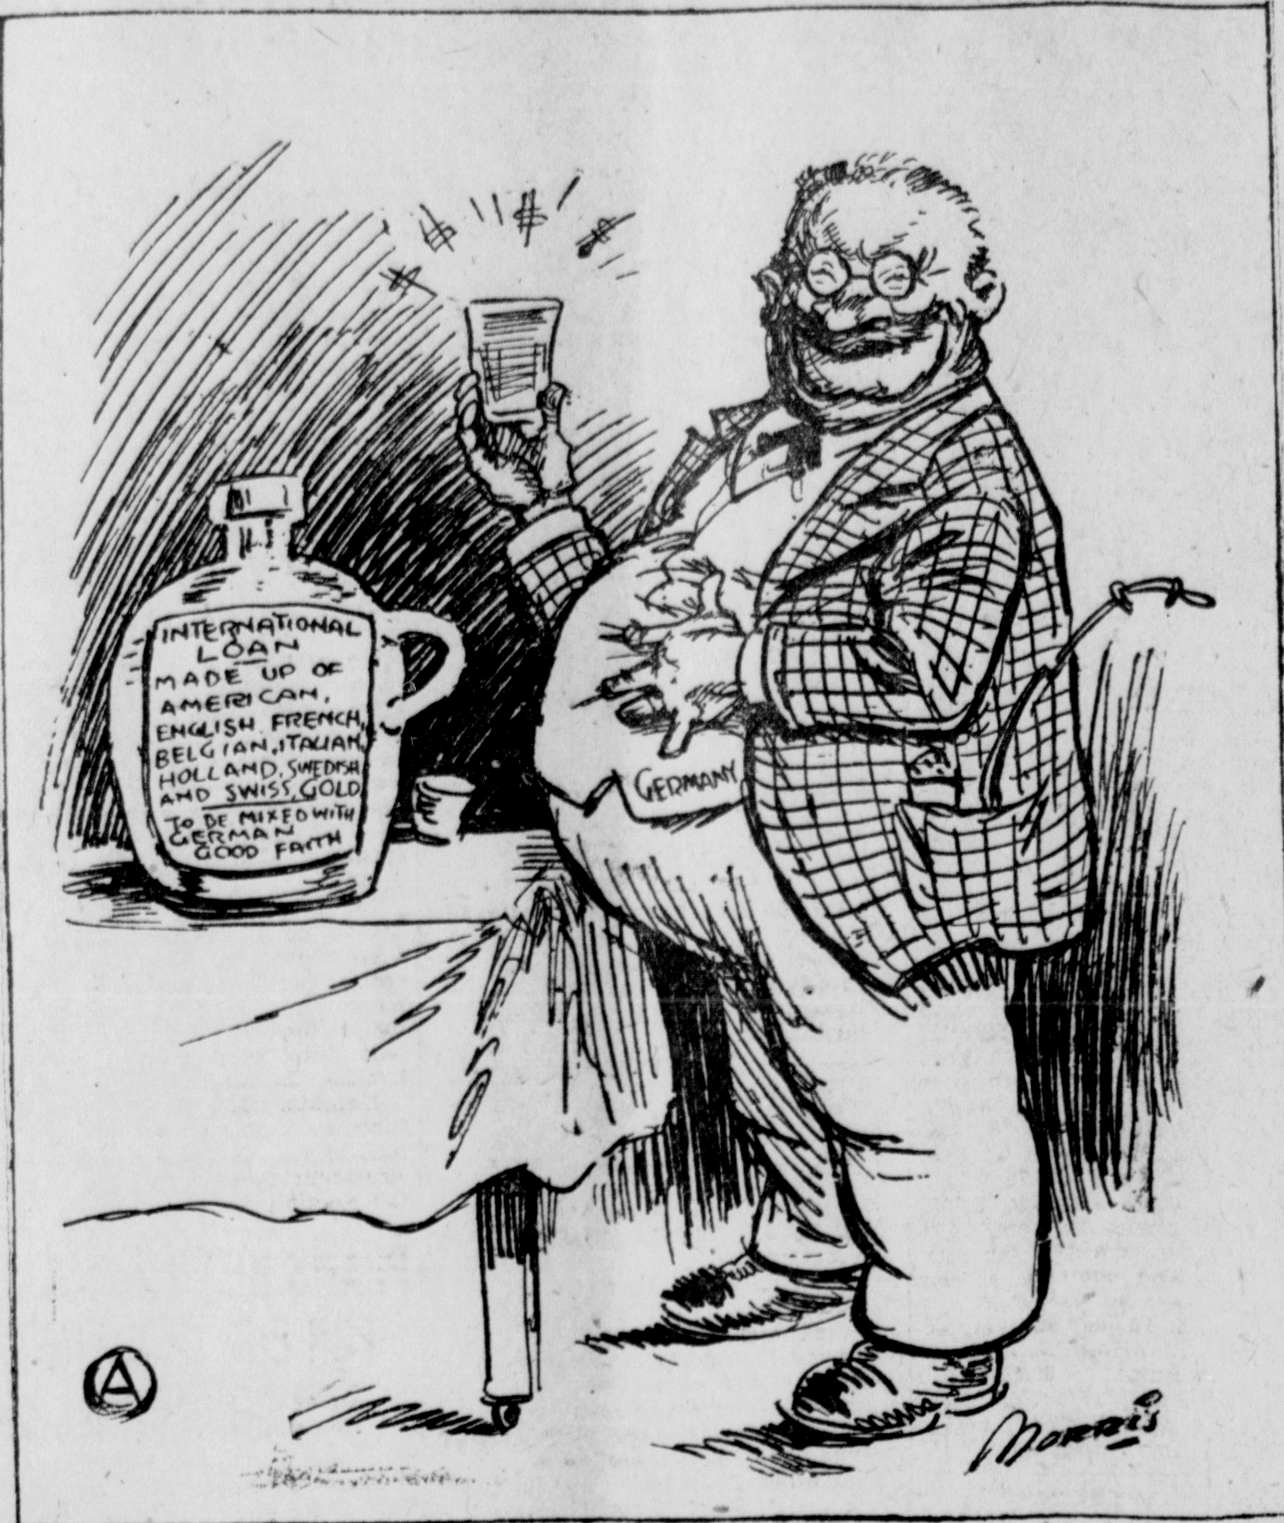

For once that was a home of pride,
where people used to dwell;
Who was the first to tread the walk,
the last those steps to climb
And leave in grim despair that house
unto the grub of time?

Slain by Robbers.

Bridgeport, O., Oct. 27.—Louis Kolzar, 46, was found dead in his little store here by his 11-year-old son. He had been slain by two men in an automobile when he resisted. Sheriff Dunfee, upon being called, found that Kolzar's pockets had been turned inside out, and that the cash register had been looted. About \$129 in all was secured, according to the dead man's wife. A pair of negroes traveling in a small car, had been seen in the vicinity of the store before the tragedy.

Nut Croquettes: To one cup of chopped pecan nuts add one pint of mashed potatoes and the yolks of two eggs slightly beaten; season with one teaspoonful each of salt and onion juice, two table-spoons of chopped parsley, one-fourth teaspoonful of pepper and one-third teaspoon of ground nutmeg. Form the mixture into croquette shapes then roll them in the two egg-whites mixed with two table-spoons of water, dip them in cracker crumbs, and fry them in deep fat, draining a moment on crumpled paper before serving. (Note: Nowadays deep fat frying is not the arduous task it once was. Instead of the old-fashioned kettle half filled with hot fat, the modern housekeeper uses a small saucepan containing enough smoking hot fat to cover a small croquette being lowered into it in a perforated metal spoon (till golden brown.)

"Baked Potato Puffs: Beat one egg light and mix it with one cupful of mashed potato; add one teaspoon of

melted butter, a pinch each of salt and pepper, and one-half cup of sweet milk. Beat all till light, then fill greased pop-over pans with the mixture (having each little "well" only half full) and brown in a quick oven about seven minutes. Remove the puffs from the pan with a knife or spatula and serve at once." (Contributed by Mrs. W.)

BEAUTIFUL THINGS

All healthy human beings love beautiful things. They worship at Beauty's shrine.

The Chinaman loves the little things of beauty. He carves quaint and interesting things upon his pipe. He fills his shop with dozens of wonderfully wrought pendants and odds and ends to warm his heart.

Go over the face of the earth and you will find this same love of beauty cropping out in all sorts of forms. Exquisite temples, artistic homes, unique furniture.

Today I walked through shop after shop in a great city and studied the different expressions of beauty in rugs, book bindings, pictures and furniture. Also things in metals, gold, silver and precious stones. I said to myself: "Why?"

Because there is a craving in the inner part of us all for expression and that finest expression always takes the road of beauty.

Beautiful things always thrill the healthy, happy human being. If they don't, something is the matter somewhere.

where.

The lover of order, neatness, exactness, and the perfect play of beauty in things is the one you can trust.

All religion is interwoven with beauty.

Women, who are the most impressionable of all human beings, are won quicker and more permanently through appealing to their love of beauty than anything else. They are naturally and innately lovers of beauty. That is one reason why they are such inspirations to men.

Just the minute that you love something beautiful, your soul is enlarged and the world grows just a little bigger.

DAWES PLEADS FOR BIG MAJORITY VOTE IN CAMPAIGN TALKS

Enroute With General Charles G. Dawes, in New York State, Oct. 27.—Starting with his regular anti-LaFollette constitution speech at Albany, General Charles G. Dawes was today winding up his eastern campaign with short addresses at Utica and Syracuse and a big Republican rally at Rochester tonight.

The vice presidential candidate is devoting more time in these speeches on the necessity of polling a big vote a week from next Tuesday than heretofore. He told the people that victory a week from next Tuesday by a narrow margin, will not do. That only by an overwhelming majority for President Coolidge and against Senator LaFollette can the danger to American institutions be safely averted.

"Even an intimation of future success of this radical movement in its proposed attack on our constitution will mean serious consequences," he said.

"It is an attack against our constitution and our present form of government."

"The trouble has been that we have had a lot of political trimmers and plotters, who have laid down, tried to please everybody and placed vote-getting above principles and have not been interested in the contest. That is the reason why you have only 33 to 40 per cent of the registered vote polled up in the state of Wisconsin for the last few years."

"That is the reason why all over the country, we have failed to get out the voters. We watch that country now that they have a fight and somebody is standing up. That is what brings the people out to the polls—an issue; and you may be perfectly sure now the issue is made that it will be met and answered."

General Dawes and his personal advisers believe that upstate New York, the territory through which he is traveling today, will determine the election in the empire state. It is in this district that the party is strongest and effort is being made to get out the vote.

COUPLE ATTENDED EVERY BALL GAME— PRIZE IS AWARDED

A Rogers silverware set, has been awarded by Manager George Ewing, of the Xenia Reserves baseball team, to Mr. and Mrs. George Reeves, of the New Burlington Pike, for attending every home game played by the Reserves at Washington Park during the season of 1924. It was announced Monday. The set is of fine quality and is valued at \$24.

Competition has been keen in this city it was said, by Manager Ewing, for the set, and many fans just missed getting the prize by the narrowest of margins.

The competition for the prize was inaugurated only this year and another feature contest of the same type will be begun at the start of the Reserves baseball season next year, according to Manager Ewing.

MRS. MARY KYLE DIES MONDAY MORNING

Mrs. Mary Kyle, 79, died at the home of her daughter, Mrs. Bert Morris, in Treblein, Monday morning, 7:40 o'clock. Mrs. Kyle had been ill for two years and resided with her daughter for the past three weeks. Death was caused by a complication of diseases.

Mrs. Kyle was born near Lytle, O., December 18, 1845. She had resided in this vicinity practically all of her life and lived in Xenia forty years.

Surviving are the following children, Mrs. Bert Morris, Treblein; Mrs. Edward Morris, Dayton; John of Dayton and S. C. and Edward Coates of this city. Two brothers, Edward Cox of Jacksonburg, Ind., and Andrew Cox of South Lebanon and Mrs. Ice Smith of Xenia, also survive with eleven grandchildren and five great-grandchildren.

Mrs. Kyle was a member of the Friends Church. The remains were taken to Mrs. Kyle's home, 121 Orange Street, this city, where funeral services will be held Wednesday afternoon at 2 o'clock, with interment in Woodland Cemetery.

EAGLES INITIATE NEW MEMBERS HERE

Xenia Aerie, Fraternal Order of Eagles increased its membership to 207 Sunday afternoon at the Eagles Hall when fourteen new members were initiated into the order. The degree team from Wilmington put on the work.

The lodge is starting a drive for 500 members by June 1, 1925, and two initiations have already been held by the Aerie with a net increase in membership of thirty-seven.

The last initiation exercises took place a month ago, when twenty three new members were initiated into the order, the work being put on by the Dayton Aerie of Eagles.

The entire membership was present at the ceremonies Sunday afternoon, and enjoyed the refreshments served after the exercises.

The Eagles' gymnasium is now ready and everything is in order with the exception of the dumbbells and Indian clubs which will be put up this week. A rowing machine may also be added to the equipment it is said.

TAKE PRECAUTIONS AGAINST SMALLPOX

With a small outbreak of smallpox in the county, health officials are taking every precaution to prevent the spread of the disease.

Chester Preston, of the Preston Milling Co., Clifton and the daughter of Frank Swadener, also of Clifton, have the disease and their homes are quarantined. Another case of the same disease at Bowersville has been cured and no other cases have been reported in the county.

WORKMEN INJURED AS MOTOR SPEEDER JUMPS FROM TRACKS

Three men were more or less seriously injured and nine others are suffering from numerous bruises sustained when a motor propelled hand car, on which they were riding jumped the Pennsylvania Railroad track near the Jamestown crossing about 3:30 o'clock Sunday morning.

Clifton B. Fair, section hand, South Collier Street, was the most seriously injured, sustaining minor scalp injuries, and a deep cut in his body which required several stitches to close.

William Ennis, Stetson Road and Cleo Hedges, Wilmington Pike, section hands, were cut slightly about the head and Hedges was bruised about the neck. The other nine men, whose names were not learned, were bruised but not seriously.

The workmen were returning for luncheon from a job near Jamestown. The hand car was traveling at a speed of about twenty miles an hour, when a lever that controlled the car became stuck, freezing the brakes, derailing the car and throwing its passengers along the tracks.

Fair, Hedges and Ennis were taken to the offices of Dr. W. A. Galloway, West Main Street, Xenia, and first aid treatment was administered. Later Ennis returned to his home, but Hedges and Fair were removed to the Espey Hospital, North Detroit Street, where they were reported to be convalescing from their wounds Monday morning.

The extent of Fair's injuries have not been determined but it is thought that he is in no serious danger.

ELKS' EXPOSITION HELD HERE COMES TO CLOSE SATURDAY

The Exposition and Trade Show, held in the Dodds' Addition, Detroit and Church Streets, under the auspices of the Xenia Lodge of Elks, No. 668, completed its engagement Saturday evening, when the festival came to a triumphant close.

Fine weather prevailed during the latter part of the show, and good crowds witnessed the many attractions every night of the carnival, which speaks well for the success of the show.

A majority of the attractions were slightly different from anything before shown in this city, while the Radio Dance Hall, a unique sideline of the carnival, played to capacity crowds each night. Music was furnished by a local orchestra.

The Merchants' Exhibit and Automobile show in particular were principal features of interest. The Auto Show, comprised many of the makes of cars on sale in the county, all of which were put on display by local dealers. The Merchants' Exhibit like every other attraction, was entirely under canvas, and many forms of merchandise from cider to radios was on display.

Numerous concessions dotted the grounds, while the side shows, consisting of the "freak" show, motor-drome, and the attractions for the kiddies, such as the ferris wheel and merry-go-round were all found interesting by the show-goers.

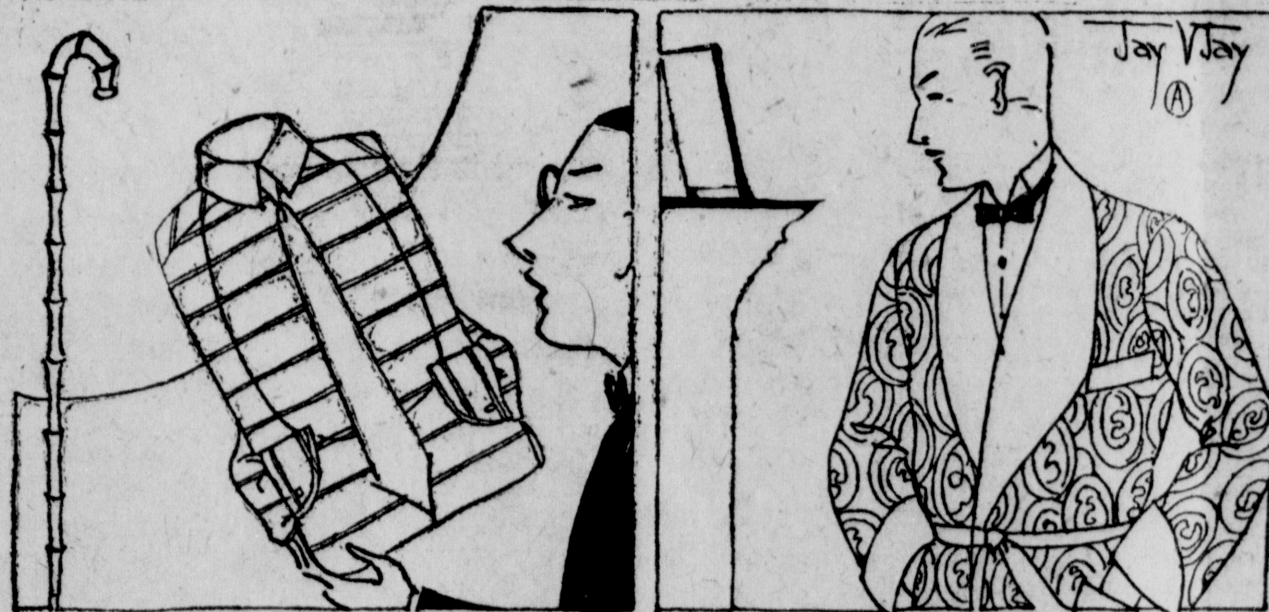

Mrs. Charles Armstrong and children, of Springfield, spent Sunday with her parents, Mr. and Mrs. Matt Kump, of North Detroit Street.

Mr. and Mrs. Lewis Alexander, of Old Town, have returned home after a ten days' visit in Maryland with relatives.

Mr. and Mrs. William Harner of the Ludlow Road, entertained the following guests at dinner, Sunday: Mr. and Mrs. Frank Willet and children, and Mr. and Mrs. C. B. Dice.

MODISH MITZI—Mitzi Pays Attention To Masculine Modes

By Jay V. Jay

It's the pride of Harry's life—this top hat. It captured him in London and when he can't wear it he thinks about it. He's explaining to Mitzi that it has an English name. It is to morning and in the evening, of course.

Dad isn't to be outdone by any high hat of Harry's. I guess not! Dad has a rack full of new ties. Diagonal stripes, a splashy foulard, and a bow tie of very smart design. The other four-in-hands are for standard wear.

The Goofer, too, is following the pace that Harry sets. He has acquired a whangee walking stick. The shirt, with cross stitch, the shirt, with cross stripes (they must go across, not up and down) has been made in England. The Goofer is taking no chances. It has to be right.

Even Bill who gives more thought to his golf clothes than anything else, has felt the influence of Harry's new London clothes. Bill has bought himself a stunning brocaded silk dressing gown. "Not so bad," is Bill's comment after seeing himself in the mirror. We'll say it isn't!

REPUBLICANS HEAR CONGRESSMAN BRAND AT BELLBROOK MEET

A good crowd of Republican supporters at the Township Hall at Bellbrook Saturday night heard Congressman Charles Brand, of Urbana, and L. J. McCarty, of Westerville, outline the main issues of the campaign, denounce the third party movement, and illustrate with past records of the Republican administration various reasons why President Calvin Coolidge and Harry L. Davis should be returned to the positions of president and governor. Congressman Brand took the tariff question as one of the most important issues and thoroughly explained every phase of it.

L. T. Marshall, chairman of the Greene County Republican Executive Committee presided. Three more Republican meetings are scheduled for the ensuing week, the first two coming on successive days, Tuesday and Wednesday.

Tuesday night a Republican rally will be held at Jamestown, with Congressman Brand and Dr. W. R. McCarty, president of Cedarville College as the principal speakers. Wednesday evening a meeting is scheduled for Spring Valley, with the same speakers delivering the main addresses.

November 1, the closing rally of the campaign will be held at Yellow Springs, with U. S. Senator S. D. Fess, resident of that village and Charles L. Knight, of Akron, newspaper publisher, former congressman and a potent factor in Republican politics, delivering the main talks.

Knight's address will be one of those in a short stumping tour he is making at the personal request of President Coolidge in the interest of the Republican party.

PLANS BEING MADE FOR EIGHTH ANNUAL RED CROSS ROLL CALL

Plans are progressing for the 8th Red Cross Roll Call under the chairmanship of Mrs. Charles L. Bales of Xenia. The county organization is almost complete and the city organization is to be started this week. Friends of Red Cross, knowing the constructive work being done in Greene County are gladly taking hold of the work and townships have already practically completed their organization for the Roll Call, two weeks before the campaign starts.

The Roll Call starts Tuesday November 11, Armistice Day and closes Thursday, November 26, Thanksgiving Day. This is the annual date set by the National American Red Cross for all Red Cross Roll Calls throughout the United States.

The quota for the county is \$4,500. Meetings will be held in the various

New Method Heals Pyorrhea

Ten Year Bad Case Completely Healed in a Short Time
Writes Florida Woman

Faced with the loss of her teeth, after 10 years of suffering, Mrs. M. J. Travis, an esteemed resident of Jacksonville, declares she finally saved her teeth by a simple home treatment, worth its weight in gold, using her own words: "After having pyorrhea for 10 years my mouth is now healed. Before I found out differently, I was told there was no relief and had yielded to the loss of six fine solid teeth. Then I discovered Moore's pyorrhea treatment. Three days after starting its use, the soreness left my gum; my teeth began to tighten. Now my teeth are clean, my breath sweet, and my mouth completely healed."

The experience of Mrs. Travis is duplicated in hundreds of other cases. If you have pyorrhea—or threatened with pyorrhea—your teeth are in danger. Quick and effective treatment is necessary. You can test without money risk, the treatment used by Mrs. Travis. Simply write the Mooreham Co., 1240 Gateway Station, Kansas City, Mo. Under their guarantee of refund send two dollars. On pay postman the \$2 with few cents postage. Use the treatment 7 days. Then if you are not wholly satisfied, write to that effect and your \$2 will be returned at once.

AUTO IS DAMAGED WHEN HIT BY TRAIN

A Ford truck, parked too close to the railroad track in front of The Ary Motor Sales Company, South Detroit Street, Monday morning about 11:30 o'clock, was hit by a Pennsylvania train coming from Springfield, badly bending the fenders on the left side of the machine.

The truck was owned by William Marshall, poultry man, of Cedarville, Marshall attempted to get his car out of the way, but was unable to get it started in time.

Lose Your Fat, Keep Your Health

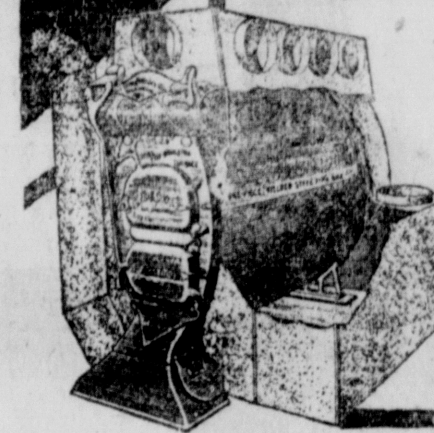

Superfluous flesh is not healthy. Neither is it healthy to diet or exercise too much. The simplest method known for reducing the overfat body easily and steadily is the Marmola Method, tried and endorsed by thousands. Marmola Prescription Tablets contain an exact dose of the famous Marmola Prescription. These tablets are sold by druggists the world over at one dollar for a box. They are pleasant to take and leave no wrinkles or flabbiness. They are popular because effective and convenient. Ask your druggist for them or send price direct to the Marmola Co., General Motors Bldg., Detroit, Mich., and procure a box.

A Friend -in the Basement

The FarQuar System goes farther than any other furnace to make friends. It not only heats every room thoroughly, but does it with fresh air! It ventilates the home without flooding the rooms with dust, dirt, smoke, gases and fire poisons. Every room is evenly heated, no hot and cold spots and no drafts along the floor.

And if you should leave the furnace wide open after firing, the Automatic Control will close the doors and drafts and open the check, bringing the fire under complete control long before there's any danger from heat.

Don't breathe stale, devil gas and contaminated air any longer. Let

keep your home filled with a healthful, warm, pure and invigorating, at a surprisingly low cost. Call, or phone today.

HEALTH PLAN FOR COUNTIES IS PUT BEFORE AGENTS

A health program that in general might apply to each of Ohio's 88 counties has been presented by Dr. R. G. Patterson, executive secretary of the Ohio Public Health Association, to the county agricultural club, and home demonstration agents of Ohio, and through them to the county farm bureaus.

A county's health program, Dr. Patterson told the extension agents at their annual conference in Columbus recently, might well include these eight points:

"Quarantine and bedside instruction to prevent the spread of dangerous communicable infections; instruction in prenatal care and in the hygiene of children of pre-school age; hygiene of schools and other public buildings and physical examinations and physical training of school children.

"Control of soil pollution; safeguarding water and food supplies and giving instruction on the principles of dietetics; anti-tuberculosis work directed especially toward the discovery and proper treatment of incipient and early-stage tuberculosis; educational work, through lectures, pamphlets and motion pictures, on specific disease problems; organization of local clubs for instruction in general hygiene."

Rural hygiene is important to the state, according to Dr. Patterson, for at least three reasons: Milk and footstuffs may carry disease; source of most water supplies is in the country; communicable diseases cannot be controlled in the cities unless they are also controlled in the rural districts.

WHEAT PRICE HANGS ON CANADA DECLARES EXTENSION-EXPERT

Canada, and the weather up there, will bear watching in the future if American wheat growers want to get some idea of the prospects for a good price on wheat.

This is the message that has been sent to all Ohio county agents for their guidance next year and thereafter by the rural economics department at the Ohio State University. Ralph F. Taber, the extension specialist responsible for the message, explains it this way:

"We have a wheat crop this year 30 million bushels larger than last year, and still the price is about 30 per cent higher. The reason, or at least part of it, lies north of us in Canada.

"The three prairie provinces of Canada, Saskatchewan, Alberta, and Manitoba, now have more to say about the world's wheat price than any other section of the world. It is to their misfortune as to weather that we can lay our good fortune and a favorable price for wheat.

"In 1923 Canada produced 474,199,000 bushels of wheat; this year her estimated production is 232,042,000. Her normal needs for home consumption and seed run from 80 to 100 millions. So there is a difference of about 200 million bushels entering the world market. This difference is a larger amount than any other country exports.

"From now on, when considering prospects for a fair price, the American producer had best watch the

BEWARE THE COUGH OR COLD THAT HANGS ON

Chronic coughs and persistent colds lead to serious lung trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with twofold action; it soothes and heals the inflamed membranes and kills the germ.

Of all known drugs, creosote is recognized by the medical fraternity as the greatest healing agency for the treatment of chronic coughs and colds and other forms of throat and lung troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption.

Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma, catarrhal bronchitis and other forms of throat and lung diseases, and is excellent for building up the system after colds or the flu. Money refunded if any cough or cold, no matter how long standing, is not relieved after taking according to directions. Ask your druggist. Creomulsion Co., Atlanta, Ga. (Adv.)

Get rid of that annoying rash

THERE is no need of enduring the itching, burning torture of eczema, chafing or some similar affection, when Resinol gives such quick relief and in many cases clears the trouble away in a few days. This gentle healing ointment sinks deep into the pores and attacks the root of the trouble, soothing the skin back to normal.

Resinol Soap is a ready aid in treating skin troubles, but it is especially recommended as a toilet and bath soap for general use. Ask your druggist for the Resinol products.

RESINOL

weather in Canada. So long as we export nearly 100 million bushels, as we did during the year ended June, 1924, Canada, with her arable land suited to wheat only one fourth utilized, will tariff or no tariff, have a very direct bearing on the American wheat price."

COMEDY SENSATION OPENS HERE MONDAY

Lovers of all that is clean and wholesome in stage productions have a treat in store in the engagement of Anne Nichols' amazingly successful comedy of laughter, "Able's Irish

Rose," which will be presented at City Hall Theatre for three nights, beginning Monday evening with a matinee Wednesday.

The play is now in its third year in New York at the Republic theatre and is still playing to capacity audiences, while in Chicago, where it has been running at the Studebaker theatre for the past several months, seats are still being sold sixteen weeks in advance. Of cities like Baltimore, Washington, Pittsburgh, Cleveland, Cincinnati, Columbus, Toronto, Montreal, Buffalo, is a matter of record this wonderful perennial has played from ten to forty two consecutive weeks in each place, while it has played from some of the smaller places known as one-night stands and stayed from three nights to three weeks to capacity business.

A hundred eyes

"HE WHO buys had need have a hundred eyes," said Poor Richard.

That was quite true in his time. Whenever you needed anything, you had to go to this store—then to that store—across the street—to every place that carried the thing you needed. If you missed any one of them, you might be overlooking the very place that held the bargain you sought.

Not so today. Your own two eyes are plenty now. For every day this newspaper brings right into your home all the stores you would want to visit and the goods in which you are interested. Comfortably seated in your armchair, you simply take your paper and read thorough the advertisements.

So, later, when you do go out to buy, you know exactly where you are going. You know just what you are going to get. You know just how much you are going to pay.

Read the advertisements. They deserve your attention. They save you time, labor and money. It is to your advantage to read them.

GETTING A LINE UPON OPPORTUNITY

Amounts to nothing more or less than reading some of the many lines relating to Opportunity—in the Classified Section.

And regular reading of classified offers will get opportunity "hog-tied," as the saying is—where it can't get away from you.

The classified section is made up of the best and most profitable opportunities—and one of the best things about these opportunities is the convenient way in which they are arranged.

It takes only a few seconds to get a line upon opportunity. The classified offers are put into alphabetical order under numerically indicated classifications. It's as easy to get opportunity's "number" as it is to find a telephone number in the telephone directory.

Read the classified ads daily and profit accordingly!

EAGLES' WRESTLING SHOW IS PROMISING INTEREST THIS WEEK

Probably the best wrestling show ever staged under the auspices of the Xenia Eagles, with popular prices prevailing, is that scheduled for Wednesday night at the Eagles Hall, when three wrestling bouts, between men of proved calibre will be staged.

The feature bout is between Tom Pappas, of Springfield, a former Xenian, and Bill Brooks of Wilmington, also a former resident of this city. These boys will tangle at 160 pounds, in the main bout, and as these two heavies have about equal skill, in the mat game, the match should go the full three falls.

The semi-final match between George Gattoff, of Massillon and Harry Kilonis, of Norfolk, should rival the principal bout in interest as the two welterweights have performed before a local crowd on a previous occasion, and pleased the fans most ardent with the brand of wrestling showed. This will be a finish match, the preliminary is also of interest, and fans will have a chance to witness a local boy in action, when John "Scoop" Gordon, of this city, will match his wit against another well known mat artist, Kid Black, of Springfield.

Black has not found his equal in the lightweight class, in recent bouts staged by the Eagles, and Gordon is confident of putting a blot on Black's unmarred record.

The show is scheduled to get underway promptly at 8:15 p. m., and a large crowd of fans is expected.

MOOSE TO CELEBRATE FOUNDING OF HOME

Together with other Moose Lodges over the United States, Xenia Lodge, No. 1629, Loyal Order of Moose will celebrate the founding of the Mooseheart Home at Mooseheart, Ill., and the birthday of the founder, James J. Davis, at the lodge hall on West Main Street, Monday evening, at 7:30 o'clock.

A radio program, broadcast from Mooseheart will be one of the features of the evening's program. The informal program is expected to draw a large crowd.

Famous Minstrel Dead.
New York, Oct. 27.—Death claimed Lew Dockstadter, famous minstrel, in his 69th year. He died Sunday at the home of his daughter, Mrs. Warren Palmer. Death resulted from a bone tumor in the left leg, suffered in a fall two years ago. Dockstadter, whose real name was George Alfred Clapp, was born in Hartford, Conn., Aug. 7, 1856. In 1886 the Dockstadter minstrels were established in New York for a long run, and for more than three years were as much of a fixture as the city hall itself.

IMPERIALS DEFEAT MIDDLETOWN AGES BY BIG SCORE HERE

By L. J. WONES

The Xenia Imperial football team won its third straight game of the season Sunday afternoon at Washington Park by defeating the Middletown Aces by a 32 to 0 score.

The local gridders did not show the form they have in past performances and their work in spots was rank. The backfield got mixed up on many plays and was a trifle slower than usual. A couple of stiff workouts and they will be all right.

The feature of the game was the all around play of Paul Fuller, Imperial fullback, who scored three touchdowns and kicked one goal. He also was good on the defense and broke up several passes and got some nice tackles. Paul also caught two passes one resulting in a score while the other was good for 20 or more yards.

The forward passing of the locals was also up to date Stephens doing the heaving. Two of the locals' touchdowns came about by the aerial route.

Purdum, Cowan, Beals, Rearkick and Houk showed nice form on the line and got in many plays. The first named nabbed two passes both being long ones while Cowan also got a pair both being good for nine yards each.

Margum was the whole works for the visitors. He was a hard man to stop and got away with several nice runs. McGill and Babbs looked good on the line.

South kicked off to P. Fuller to start the game and Fuller was downed on the 23. The locals were held for downs and P. Fuller's punt was blocked but he recovered. D. Fuller then made 5 while Stephens made 8 through center and first down. Foley made six and P. Fuller 9 and first down. Margum then intercepted one of Stephens' passes. Halder and Downey lost 15 yards in two plays.

Johnson's punt was blocked but McGill recovered. Johnson then punted to P. Fuller on the 32. P. Fuller made 2 and Foley added 1. Stephens picked up three off guard. P. Fuller then tried a drop kick but the ball went wide and it was Middletown's ball on the 20. Johnson then punted to Stephens who made a nice return to the 40. Foley circled end for a 9 yard gain and Stephens bored in for 13 and first down. Stephens was thrown for a two yard loss but Foley made 3 on a criss cross.

CENTRAL GRIDDERS LOSE FOURTH GAME TO SPRINGFIELD 11

Meeting a veteran eleven instead of the comparatively green and inexperienced team which they expected to buck up against, Central High School's "hard luck" football team, bowed in defeat to the Springfield High gridders Saturday afternoon, at South Side Field, Springfield by a 27 to 6 margin.

The locals were outclassed, as it was demonstrated when the Springfield second team entered the fray at the end of the half and continued to score. It was a case of too-much Remsburg, Teach, Keyser and Brecht, backfield men, who circled the Xenia line, at close intervals for gains ranging from five to twenty-five yards.

Perrine, Xenia's fleet end, was the shining light for the local warriors, and it was Perrine, who stood in the end zone in the third quarter, and after knocking an upstate man out of the way, caught a pass which saved Xenia's only point of the game, and its second touchdown of the season.

Lewis Teach is credited with making two of Springfield's touchdowns, while Brecht and Pheneger each made one. Keyser added three points after touchdowns, while Remsburg failed on his try for goal.

Springfield showed surprising strength Saturday in its defense of the heretofore disastrous aerial attack and Xenia completed but four passes, eleven being grounded and one intercepted. However the aerial game netted Central its only touchdown.

Xenia started the game with a rush, and marched down the field for three straight first downs before it was forced to kick. On an exchange of punts, Xenia succeeded in getting within the ten yard line but was held for downs. The remainder of the quarter was an exchange of kicks and the first quarter ended with the ball in Springfield possession on Xenia's twenty-nine yard line.

Springfield scored first to start the second quarter when Remsburg sneaked through the line for first down. Brecht and Keyser, circled the ends for another first down. Remsburg advanced the ball another ten yards on three plays, and Teach pushed the pigskin over for the initial counter of the game. Keyser added point by dropkick.

Near the end of the half Springfield advanced the ball within scoring distance on a series of line plays, and Teach again bucked over for the second touchdown. The half ended shortly.

TEACHERS TO MEET IN COLUMBUS NEXT MONTH ANNOUNCED

One of the largest educational conferences held in America is to convene in Columbus November 7 and 8. It is the annual meeting of the Central Ohio Teachers' Association and the teachers of this community, being members of the association, are planning to attend and be among the eight thousand expected to be in attendance.

For the general program such noted speakers as Dallas Lore Sharp of Boston, William Mather Lewis of George Washington University, Supt. William McAndrew of Chicago, Hon. Albert S. Cook, of Maryland, Dr. S. Parkes Cadman and Charles E. Watkins are scheduled to address the convention. Other special features of interest to teachers Friday morning at nine o'clock Columbus time on the stages of large theaters in the downtown districts. Friday afternoon Departmental meetings are arranged for teachers of every grade and subject.

Reduced railroad rates for the meeting are being given when teachers present certificates which they have secured from the executive secretary. The officers of the Association are: Supt. A. E. Claggett, Dayton, president; Miss Martha Dawson Columbus, vice-president; H. T. Main Delaware; Charles W. Cookson, Urbana; C. A. Waltz, Xenia, executive committee; Geo. C. Dietrich, Piqua, executive secretary.

Many teachers are remaining in Columbus over Saturday afternoon for the Indiana-Ohio Football game which is to be played at the Stadium.

LOCAL OWNED HORSE RECEIVES PRAISE

Local harness racing horses are getting considerable attention throughout racing circles, and two articles written by A. L. Churchill, racing authority under his article, "With the trotters and pacers," have given Silver Point, 2:08 1-4, gray pacer owned by J. W. Faulkner, of this city, a good standing in local racing circles.

In Churchill's Sunday article, October 26, Ross Harvester, owned by Mrs. J. W. Falkner, Xenia, has the limelight.

Churchill said: "Ross Harvester, 2:14 1-4, the good trotter, owned by Mrs. J. W. Faulkner, Xenia, has been quite a good horse this season for Trainer Joe Hagler, one of his best races of the season being in the 2:18 trot at Eaton, which he won after a hard five-heat battle. Ross Harvester is the trotter purchased in one of the recent Chicago sales by Adolph Wilson, of Dayton, who sold the gelding to his present owner."

Shot Wrong Man; Kills Self.
Zanesville, O., Oct. 27.—Clare Patterson and like Lowe left a crap game in a huff, went home for weapons, returned with a shotgun and ambushed the wrong man. Patterson, hiding in some bushes, shot and probably fatally wounded John Ashensetter, 55, mistaking him for one of the crap shooters. Police arrested Lowe and found Patterson's sedan later. When they opened the car door Patterson's body toppled out. He had blown off the top of his head with the shotgun.

—to regain Strength

—brings joy to you and your friends.

EVERY man, woman and child wants to have strength and correct weight. It means the joy of living. To be minus strength and underweight often proves low fighting power in the body. It often means you are minus nerve-power, minus red cells in your blood, minus health, minus vitality. It is serious to be minus, but the moment you increase the number of your red-blood-cells, you begin to become plus. That's why S.S.S., since 1826, has meant to thousands of underweight men and women a plus in their strength. Your body fills to the point of power, your flesh becomes firmer, the age lines that come from thinness disappear. You look younger, firmer, happier, and you feel it, too, all over your body.

More red-blood-cells! S.S.S. aids Nature in building them by the million! There are no unproven theories about S.S.S., the scientific results of each of its purely vegetable medicinal ingredients are admitted by authorities. Begin taking S.S.S. today. It will give you more energy, vitality and vigor and a more up and going appearance.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

The Truant Soul

By
Victor Rousseau

At any rate she was satisfied with some such solution. And she was certain that, if she pleased him with her mysterious mission, her reinstatement would follow. She went home happy, and Mrs. Webb read the news in her face the moment she opened the door. "I knew it, my dear," she exclaimed with pleasure. "I knew that you could twist that old devil round your finger if you tried hard enough."

"Mrs. Webb, it was nothing of the kind," said Joan. "And Doctor Lancaster is one of the kindest of men. He's going to try to have his decision reversed, and—Mrs. Webb, he is sending me to a sanitarium, on a case, in the meantime."

She checked herself, suddenly remembering Lancaster's caution. But Mrs. Webb took the girl to her wide bosom and kissed her.

"You little humbug!" she said.

"Mrs. Webb," cried Joan, scandalized, "if you knew—"

But when she was upstairs she sat down suddenly and faced her conscience. What impression of herself had she given in the consulting room? She did not know. This scene, like that of the morning, had become blurred in her memory, and time had begun to flow very fast after the slowness of her twenty-two years. Certainly stranger things had happened that day than at any time since her mother's death!

She leaned out of the window. She suddenly remembered that the institute was not many miles from her old home. It would be almost going home—and on the morrow. Joy leaped into her heart.

Then she saw something that for an instant chilled the blood in her veins. Across the street, leaning against the park railings and looking up at the house, was a short, square-built figure of a man wearing a hard hat. She could not distinguish the face, but she thought it was Myers. And she remembered his threat.

What did it mean? Bewildered, she turned into her room again. She half regretted now that she was to go to Lancaster.

But in the morning she dismissed the incident from her mind as a fantasy.

At half-past seven in the evening Joan descended from the train at Lancaster station, after an all-day ride. It was like going home. Joan could not see her village, which was on a branch line, but at Medington she was only four miles away. There were the same misty mountains, breaking the horizon line, the same small, straggling towns, the same fragrance of the deep forests, bringing back to her those remembrances which a chance odor suddenly unlooses, as at

the touch of some magician's staff. The two years that she had spent at Avenmouth seemed to slip out of her recollection.

As the afternoon flew by the distant mountains changed into a semi-circle of irregular heights. Now the train was climbing into the foothills. It was a lonely land. This was further in the back country than Joan had ever been. The villages were becoming mere clusters of negro cabins. There had been two changes of trains and each time the coach became shabbier and more disreputable, and more impregnated with tobacco smoke. The character of Joan's fellow travelers changed as well. They were uncouth, they wore chin beards and rough store suits; they sat perspiring and collarless, the soft hats pulled over their foreheads. But she looked at them with the loving appreciation of her own people that was in her heart, and they, in the presence of the pretty girl who was traveling alone, displayed the innate courtesy of the Southerner.

The sun descended; it was gilding the whole land with level rays of gold and dancing on the horizon like a red ball when the train pulled into Lancaster, the last station before Millville, the terminus. Joan got down and looked about her.

The station was a tiny place and seemed deserted. The booking office was closed. In the waiting room, appearing almost to fill it, was a stout negress with a dozen parcels; from the wicker sides of one two hens' heads with blinking eyes protruded. Outside a ramshackle buggy, with a lean chestnut horse attached, was drawn up to the edge of the muddy road.

A well-dressed young mountain boy in a hard-felt hat was standing beside it. As Joan came out of the station he turned toward her, took off his hat, and bowed.

"Miss Wentworth?" he inquired, in a well-bred tone.

"Yes. You are from the Institute?" "Yes, Miss Wentworth. Mrs. Fraser will be expecting you." He looked beyond her, and Joan, turning, perceived to her discomfort the man Myers, in his hard hat. He must have traveled up in the train with her.

Myers came forward, taking off his hat grudgingly. "Miss Wentworth, I'm sorry if I annoyed you last night," he said. "I ought to have explained to you that I'm the secretary of the Institute. I guess my manners ain't very good, but I meant no harm."

Joan, who had witnessed his presence with consternation, now felt a sudden reaction from her fears. Of course, Myers' explanation made the situation intelligible.

FAILED TO BE 'ADMONISHED' BY SOLOMON

Towards the very last part of the Bible book of Ecclesiastes King Solomon says: "And further, by these, my son, be admonished, of making of many books there is no end, and much study is a weariness of the flesh." To admonish is to warn, to reprove with wildness. And of what are we warned—that much study is a weariness of the flesh. Solomon, in this book, in which he announces himself 'the preacher,' tells of the thousands of things he had tried and in most cases proved to be vanity. Well, he certainly had more 'experience' than most persons will have. And yet people keep on making books and newspapers. The latest of the latter to which we have subscribed is a very comprehensive one by the name of "Time," which says it is a "weekly news magazine." The publishers took not Solomon's admonition, and brag that they did not do so, claiming to be encouraged by success.

We made this notice to let our readers know the source of anything published in our column which is credited with the Short Word Time. It was started in New York about a years ago.

A SIGNIFICANT "RED, WHITE AND BLUE" FIRST PAGE

Next Saturday will be the first day of November 1924, and Tuesday after it will be the 4th day of November, election day, all over the United States. Our religious paper, the Christian Herald, devotes the first page thereof to urging people to do their duty on that day by printing the word "Vote" in three inch sized letters in White on a solid 4 by 10 inch background of Red; followed by the words, "Do your duty as Christian Citizens;" and this followed by the words, "Vote Your Convictions," in White letters on a heavy Blue background. The whole making a very attractive "Red, White and Blue" admonition to voters. And in this connection we are to remember the millions of women many of whom will vote for the first time. Let us all vote.

THE RADIO TRIUMPH OVER HIGH-FALUTIN' ORATORY

For one thing, the radio puts a limit on the length of a speech. The old-fashioned two or three hour talks which Western Progressives have trained up their audiences to expect are gone as completely as the old-fashioned sermon, with its firstly and secondly up, perhaps to tenthly. You can only have the use of the radio for a brief period. And again, the two little discs in front of a speaker's face absolutely confine him to a fixed spot on the platform. He must stand practically still. If he moves one step to the left or to the right his speech is ruined. Also his voice must be kept within narrow limits. He cannot shout. He cannot lower his voice. All the little tricks by which an audience is played upon are precluded. A speaker cannot be dramatic. There is not much difference between a beautiful voice and a bad voice after it has been mechanized. The radio and the amplifier are the final triumph of democracy over oratory.

DEATH OF NOTED MAN

Herman H. Kohlsaat, 71, famed editor, died at the home of Secretary of Commerce Hoover, where he was visiting, in Washington, D. C., following a stroke of paralysis. The friend of five Presidents—McKinley, Roosevelt, Taft, Wilson, Harding, four of whom are now dead—he started his career as a caterer, later selling the chain of restaurants, which he controlled and entering the newspaper field in Chicago. He owned and edited at different times the Chicago Inter-Ocean, Times-Herald, Record-Herald, Evening Post. His services to the Republican cause brought him into contact with many a famed man, made it possible for him—for he never accepted an office—to become great by refusing great ness, notorious while shunning notoriety. A genial, meager, shrewd little man, he had a talent for friendship and an ability to make friends

to stick to his principles, no matter how little they profited him. He told about his political adventures in a book of memoirs "From McKinley to Harding." One of his greatest coups was his success in having the word "gold" inserted in the Republican platform in 1896.—Time.

DR. FOSDICK RESIGNS PULPIT

Rev. Dr. Harry Emerson Fosdick has tendered his resignation as special preacher at the First Presbyterian Church in New York City rather than comply with the General Assembly's suggestion that he enter the Presbyterian ministry and thus regularize the relationship which has been the occasion of so much controversy. It was not any disinclination to change his denomination affiliation that impelled his refusal, Dr. Fosdick wrote, but the proposal called "for a solemn assumption of theological vows in terms of the Westminster Confession" and he felt that "any subscription made under such circumstances would be generally and, I think, truly interpreted as moral surrender. I am entirely unwilling to give my theology should be questioned; I am entirely unwilling to give any occasion for the questioning of my ethics." The First Church has not acted as yet on the resignation.

THE MAGIC OF AUTUMN

It's a glorious day with the sun overhead

And the maples off yonder in cardinal red,

And the elms spilling gold on the floor of the world,

And the sumach ablaze as the picture's unfurled;

Oh, poor little genius known as a man,

Work up such wonders as this if you can!

It's a glorious day, with the magic of fall

Working its changes too swift for us all;

Now the green turns to gold, in the blint of the sun,

But not one of us knows how this marvel is done;

From the high hat of autumn gay ribbons are tossed

And man merely calls it the work of the frost.

Here's a performance which dazzles the eye!

Here are illusions no Hindoo dare try!

Valley and hill top and forest and field

In garments of beauty are strangely revealed;

Oh, who can detect it, or who can explain.

Or what can equal such legerdemain?

The world is the stage, without curtain or wing,

Where autumn performs for the peasant and king;

No velvet-topped table he needs for his feat

As he scatters his silver and gold at our feet.

We see the scenes change in the glint of the sun,

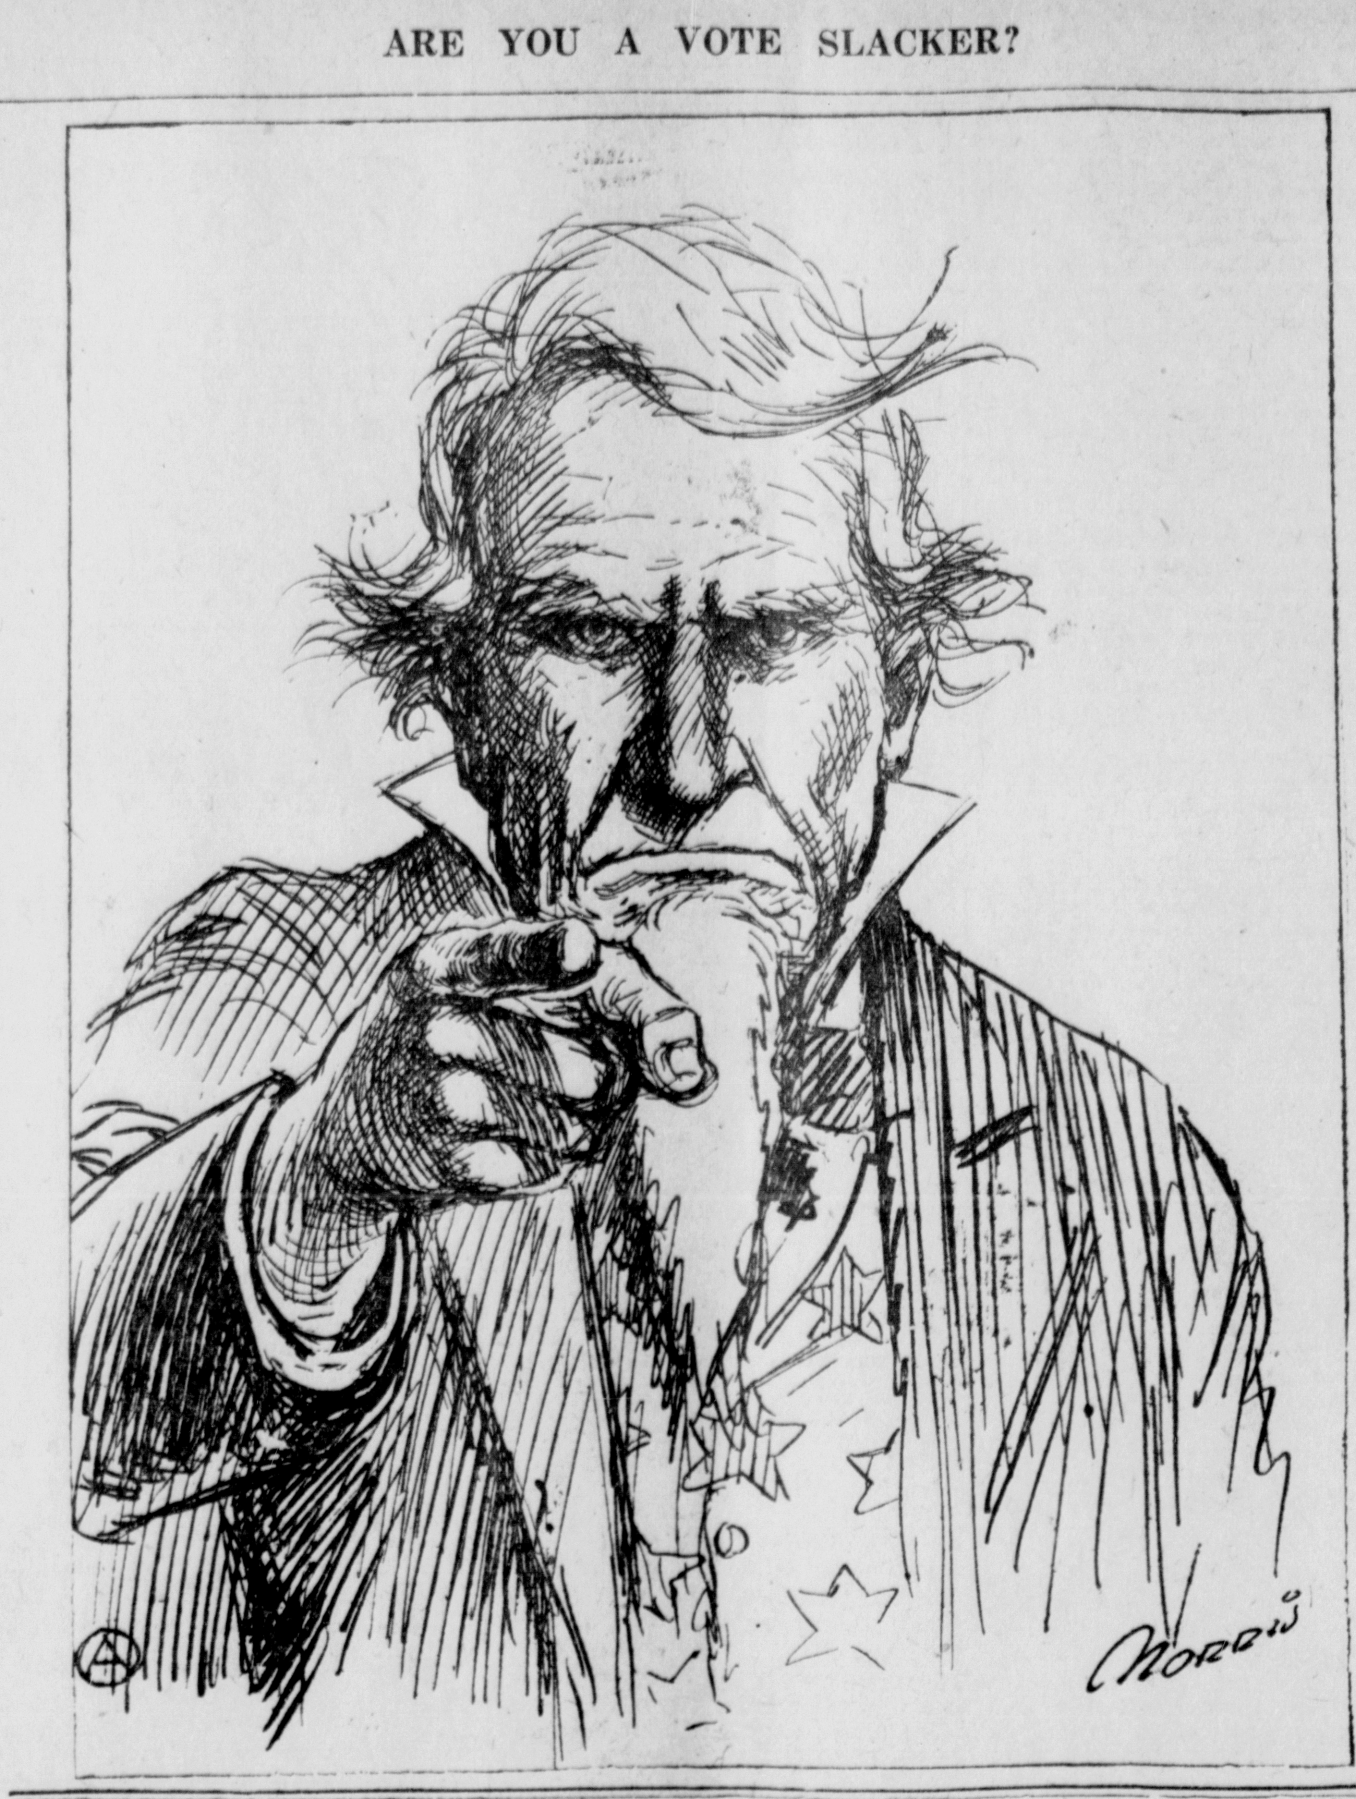

But none of us knows how such wonders are done.

Answer: I have just had a two-page article entitled "Eight Good Desserts" multigraphed to send out to any of my readers who send me a stamped, self-addressed envelope with a request for it. These recipes are too long to publish in the column so I would advise you to send for them. Have your stamped return envelope large enough to hold two sheets of typewriter-size paper, folded. It is hard to get a multigraphed article into an under-sized envelope, such as so many readers send! I know your family will enjoy these desserts.

Mrs. C. C.: "Some time ago Mrs. H. H. asked about dill pickles. I want to tell her how I have put up 12 two-quart-size jars with this recipe: My Dill Pickles: I washed 250 cucumbers measuring about four and one-half inches long and then packed them in the fruit jars with dill. I had previously boiled water, to every gallon of which I had added one cup of vinegar one cup of salt, then let this stand till cold. I poured this over the pickles and dill in the jars, and sealed. This is a good way to put up cucumbers and also an easy way."

Answer: I imagine that your recipe will help many housewives besides Mrs. H. H. It is always helpful to learn of various house-keepers' ways, so that we can try many methods of doing a thing and select that which we find, personally, most successful.

4 MONTHS AGO WEAK SICKLY OLD MAN — NOW DANCES — SAYS HE WILL WED AGAIN

HOW WEALTHY OLD CLUB MAN GAINED 22 POUNDS NOW EATS LIKE A YOUNGSTER AND FEELS FIT AGAIN

New York, N. Y.—John Marchbanks Evans, a 60-year-old retired business man of this city, who recently paid a large sum of money to medical experts for a new gland treatment, announces his intention to marry again. "I feel 25 years younger," says Mr. Evans.

It was disclosed yesterday that a noted scientist has agreed to offer this discovery of organic glands, phosphates, and iron (known as the Kath treatment) to anyone—poor or rich—who needs its up-building power, at a tiny fraction of the usual cost.

"The Kath gland treatment," says Dr. Joseph Ciaramelli, consulting physician to The Hospital Jesus Marie, of Naples, Italy, "is one of the greatest medical discoveries of the age."

"There are important glands in the body that influence the power of our organs. Age, worry, over-work and excesses of modern life wear out the glands' supply and they dry up. Immediately the signs of old age begin to show, and you look and feel all 'dried up' too."

Tests show how Kath quickly helps to put new life in these old glands in many cases. As the gland supply enters the blood you feel stronger, full of life—you want to get out and do all the things in home, social and business life that you did when you were younger. You eat. You sleep. You think clearly—all because of this new gland treatment.

Make This Test:

First weigh yourself and measure yourself. Next start taking the tiny tablets of Kath according to directions. Then weigh yourself and measure yourself each week and continue taking Kath until you are satisfied with your gain in weight, appetite and energy. Any druggist will supply Kath without a prescription, and will guarantee results or refund money.

THAT "GET THERE"

I watched a horse race at a County Fair this summer. There were four starters. I watched the first half mile; then I picked the one I thought would win. This horse was not then leading.

I noticed that all but this one man and his horse kept plunging forward in spurts, now one, now the other. But the one I had picked had a steady gait and the driver seemed to urge little by little, little by little, until on the home stretch he passed them all and won.

To myself I said: "That man and horse had the Get-There spirit."

Very little is achieved by spurts and sudden starts. There must be a real urge of vital meaning back of any desire to win anything that is worth while and permanent.

I often meet a man whose personality radiates what he is. He has that Get-There spirit. Of course he doesn't always win what he sets out to get. My, no! That would soon slow him up and he would probably grow stale.

No one can—or ought—to win all the time.

We need all the opposition and hardships that come our way to smooth us into fighters for the days of tasks that call for iron nerve and—that Get-There.

Honesty isn't enough, willingness isn't all, even industry. There has to be that desire to win, that determination to keep passing your best in order that Success may be able to smile her sweetest smile for you.

When things get dark and rather mussy up it's fine to be able to reach into some hidden corner of your make-up and say: "Oh, here is just what I need at this great moment, my Get-There spirit!"

So, therefore, without any foolish display of the fact, keep in reserve that "Get-There" of yours.

SUFFERED PAIN FOR YEARS

Mrs. Jahr Finally Relieved by Lydia E. Pinkham's Vegetable Compound

Howard Lake, Minnesota.—"I write to let you know that I have taken several bottles of your medicine in the last three months, and found it to be very good. I had pains and other troubles women have and was not able to do my work. Seeing your 'Ad.' in the paper, I thought of giving Lydia E. Pinkham's Vegetable Compound a trial. I got good results from it and feel able to do my housework now. I used to have lots of pains, but after taking the medicine I am relieved from pains that I had suffered from for years. I recommend the Vegetable Compound to my friends, and hope this letter will be satisfactory for you to publish."—Mrs. JENNIE JAHN, R. R. No. 2, Box 81, Howard Lake, Minn.

TOURNAMENT ENDS GOLF SEASON HERE

Golf activities for women at the Xenia Country Club, for the year 1924, came to a close Monday morning with a two ball foursome, mid-iron tournament of eighteen holes which was won by Mrs. C. E. Fisher and Mrs. S. O. Hale. Mrs. C. A. Weaver and Mrs. S. M. McKay copped second place in the tournament.

There were twelve entries in the tournament, and these were divided into three foursomes. Luncheon at the club house followed the tournament. Mrs. E. H. Heathman was chairman of the luncheon committee.
